## Court Orders Reprinting Of County Ballots

Action Taken After Court  
Hearing Thursday After-  
noon On Congress  
Designation

### PRINTERS TO HAVE BATTLE AGAINST TIME

All ballots for the Novem-  
ber 5 election in Lawrence  
County must be reprinted at  
an estimated additional cost  
of \$1200. By an order of  
Judge W. Walter Braham,  
handed down late Thursday  
afternoon the 85,584 ballots  
which have been printed, are  
voided.

The order was due to the in-  
sertion on the ballot under the name  
of Louis E. Graham, Republican  
candidate for congress the follow-  
ing, "328 East End Avenue, Beaver  
County, Pennsylvania, Member  
of Congress."

About 3 o'clock Thursday after-  
noon Attorney Sherman K. Levine,  
acting for Theodore G. Gunnert, a  
brother of Samuel G. Neff, Demo-  
cratic candidate for Congress from  
the 25th district, presented a peti-  
tion to the court asking that the  
ballot be voided. The reason set  
out was that under the name of  
Louis E. Graham was the identify-  
ing phrase shown above.

**Immediate Hearing**  
Because of the time element,  
Judge Braham called an immediate  
hearing. County Solicitor William  
McLewer Jr. told the court that  
while the insertion of the phrase  
might be a technical violation, he  
could not see the reason for voiding the  
ballot. The court, however, did  
void the ballot against Mr. Neff.  
Counsel for Mr. Gunnert insisted  
it was a violation of the election  
code and being a violation should  
be corrected. Earl R. Wimer, presi-  
dent of the board of county com-  
missioners and of the election  
board, was called to the stand and  
told the court of the order for the  
ballots being placed. William A.

## PA NEW OBSERVES

Hunting season is much in evi-  
dence this morning. Hunters were  
seen making their way to the rural  
areas in search of sport and game  
early this A. M.

Residents at 1419 West Washing-  
ton street report that the unusually  
warm weather for October has  
brought apple blossoms into view  
at that location.

It has been reported to Pa New  
that a trio of small boys were taking  
advantage of the warm weather  
Wednesday, to have a swim. They  
were enjoying themselves in the  
Mahoning river under the railroad  
bridge on the edge of Mahoning-  
town. It must have been a sudden  
inspiration for they had neglected  
to go home for suits.

An increase of births was noted  
at the New Castle hospital for the  
month of October, when 76 births  
were recorded, 40 male infants be-  
ing born and 36 female infants.  
One set of twins was included. Dur-  
ing September there were 54 infants  
born.

In the rural sections Thursday a  
number of farmers were reported as  
having "posting" their land in prepa-  
ration for an influx of small game  
hunters today. Last season one  
farmer had the sad experience of  
having a foot shot off one of his  
calves by a hunter.

New Castle had a quiet and or-  
derly Halloween night, so far  
as reports reaching Pa New are  
concerned. Little damage was  
reported, and large groups of mas-  
queraded boys and girls made the  
rounds of the homes in all parts  
of the city for Halloween contribu-  
tions.

## Daily Weather Report

United States weather statistics for  
the 24-hour period ending at 9  
a. m. today follow:  
Maximum temperature, 68.  
Minimum temperature, 43.  
Precipitation, traces.  
River stage, 4.8 feet.  
Statistics for the same date a year  
ago follow:  
Maximum temperature, 62.  
Minimum temperature, 27.  
No precipitation.

## Election Boards, Attention!

Next Tuesday is election day, with attendant in-  
terest in the outcome quite high.

The News is requesting that election boards in  
all precincts of the city and county report results in  
their district, as soon as any complete count is made  
for offices, Tuesday night.

Final complete count of the precinct is also  
asked.

News telephones on election night are 4000.

This service on the part of election board mem-  
bers will be greatly appreciated and will facilitate  
early indications of the outcome of the balloting.

Reports on the daylight savings time vote are also  
desired.

Phone 4000, or send the returns to The News.  
Thanks in advance.

## U.N. Committees Take Up Problems

By GEORGE BURNO  
(U. N. Staff Correspondent)

**LAKE SUCCESS, N. Y., Nov. 1.**—  
Real heavy work of the current ses-  
sion of the United Nations general  
assembly began today with such  
world-absorbing questions as uni-  
versal disarmament, future treat-  
ment of Generalissimo Franco's  
Fascist regime in Spain and revision  
of the big five veto power as major  
issues.

Six overall committees of the as-  
sembly, upon each of which all 51  
members of the United Nations are  
represented, will debate these and  
other issues to a solution.  
Another problem in world affairs  
—that of the future of territories  
and islands once held by the Axis  
powers, but recaptured during the  
recent war—was a most immediate  
matter for consideration.

**In Temporary Abeyance**  
In temporary abeyance was the  
toughest subject of all, that of racial  
discrimination. This had been  
brought up by India against South  
Africa in the charge that South  
Africa was discriminating against  
the colored people.

## Spirit World Still Mystery

Magicians Fail In Effort To  
Communicate With Spirit  
Of Houdini

**DETROIT, Nov. 1.**—(INS)—A  
group of 13 Detroit magicians ad-  
mitted today that "the mystery of  
the spirit world is still a mystery."  
The "hand-is-quicker-than-the-  
eye" artists made the profound  
declaration after failing to bring  
back the spirit of their great mas-  
ter, Harry Houdini, last night.

In a darkened hotel room, the  
13 amateur and professional magi-  
cians met at the stroke of mid-  
night. They gathered in a circle  
around a chair holding an auto-  
graphed photograph of Houdini, an  
autographed copy of his book and  
a pair of locked handcuffs used by  
the great magician.

As the clock struck, Detroit ma-  
gician Robert Ungerwitt solemnly  
called:  
"If the spirit of Harry Houdini is  
at hand, let it manifest itself  
upon these objects so closely asso-  
ciated with him."  
Silence. The 13 sat staring at the  
chair for five minutes, but nothing  
happened.

The lights went on again and  
Magician Ungerwitt turned to his  
colleagues and the three official  
"skeptics" and stated:  
"We have proved nothing at all  
by this. The mystery of the spirit  
world is still a mystery. We haven't  
proved that it doesn't exist—we  
have only failed to establish con-  
tact."

## Many Veterans Are Candidates

**WASHINGTON, Nov. 1.**—(INS)—  
A survey disclosed today that the  
Republican and Democratic parties  
are running almost neck and neck  
in the number of war veterans com-  
peting for the house and senate in  
Tuesday's congressional election.  
The Democratic national com-  
mittee listed 199, the Republican na-  
tional committee 196.

A majority of the 346 GOP can-  
didates for congress, 57 per cent,  
are veterans of the Spanish-Ameri-  
can war and the first and second  
world wars. The Democratic tabu-  
lation showed 43 per cent of their  
458 candidates for congress were  
veterans.

## AUTO PARKERS PAY \$3,039 IN OCTOBER

Arthur Harris, meter service op-  
erator and coin collector, has reported  
to city council that, during the  
month of October, parking receipts  
amounted to \$3,039.  
Mr. Harris said that the new met-  
ers are working fine.

## DeGaulle Calls Upon French To End Coalition

Sensational Statement Urges  
End To Tripartite Gov-  
ernment In France

By LEON PEARSON  
(U. N. Staff Correspondent)

**PARIS, Nov. 1.**—Gen. Charles De  
Gaulle called on the French voters  
in a sensational statement today to  
put an end to the tripartite gov-  
ernment which includes the Com-  
munist party.

The statement, which came as a  
surprise to political observers, de-  
clared that the coalition govern-  
ment which has ruled France since  
the liberation must be abandoned.

The French elections under the  
recently adopted constitution are  
scheduled for Nov. 10. The gov-  
ernment is made up of the popular  
Republican movement—the largest  
group—the Socialists and the Com-  
munist.

**Abundant System**

At the same time De Gaulle at-  
tacked the constitution as giving  
permanence to the coalition gov-  
ernment.

"This is an abundant system be-  
cause in France under existing con-  
ditions the parties, formed as they  
represent our rights which unfor-  
tunately are many and deep."

He urged the electorate to sup-  
port candidates who sincerely in-  
tend to change the constitution.

He avoided mention of any party  
but his remarks were more favor-  
able to the popular Republicans of  
Premier-President Georges Bidault  
than the others because the MRP

## Reports At Noon Boost Total Of Chest To \$81,917

Workers Expect To Pass  
Goal Of \$88,800 At Meet-  
ing Next Week

Solicitors of the Community Chest  
campaign reported a total of \$12-  
718.50 worth of pledges today at  
noon in the meeting at the Castle-  
ton to bring the grand total up to  
\$81,917 on the quota of \$88,800.

Another report meeting will be held  
Friday, November 8 at which time  
Chairman Howard B. Richards is  
confident the quota will be passed.

Over the board of campaign di-  
visions the reports are fairly even  
relative to the quota. Most of them  
are just under their quota as the  
grand total is just under.

The industrial division made the  
heaviest report of the day, turning  
in \$450 worth of pledges. The  
residential district also was good  
for \$1932.50. Some divisions had  
already made their quota and some  
made no report at all. It is under-  
stood there is about \$1000 still un-  
reported.

The 1946 Community Chest need  
only \$6,883 to be complete. Spread  
over the entire field it seems like a  
small amount to keep the drive from  
achieving complete victory. Chair-

## Doggy Furpiece

When hotels or other places put  
out the "no dogs admitted" sign,  
"Jiggs," a 14-year-old dog owned  
by Showgirl Lorraine Rogman  
wraps himself around his mistress

wiser. A flower helps the camou-

## President Remains Inside Special Car

ABOARD PRESIDENTIAL TRAIN  
ENROUTE TO INDEPENDENCE,  
Mo., Nov. 1.—(INS)—President Tru-  
man maintained his pre-election  
aloofness from politics today as his  
special train carried him into the  
midwest and his home at Inde-  
pendence, Mo., where he will vote  
Nov. 3.

His special train ran through  
virtually deserted stations in many  
towns where the lack of advance  
information of his itinerary made  
crowds conspicuous by their ab-  
sence.

Even in the occasional town  
where a small crowd had gathered  
the president took no notice of their  
presence, maintaining his air of  
detachment by staying in his pri-  
vate car.

Mr. Truman spent last evening  
in his private car, conversing and  
dining with House Speaker Sam  
Rayburn (D, Texas), and some  
members of his White House staff.

**Departs From Program**  
St. Louis, Nov. 1.—President Tru-  
man departed slightly from his pre-  
election aloofness from politics to-  
day as his special train stopped at  
St. Louis enroute to his home at  
Independence, Mo.

Followed by House Speaker Sam  
Rayburn (D, Texas), the president  
came out on the observation plat-  
form of his special train to greet an  
enthusiastic crowd of some 200 per-  
sons, who managed somehow to  
get through the guards and onto  
the Union station platform. Hun-  
dreds of others pressed their noses  
against the glass windows which  
kept them from the train.

## U.S. Experts Study Stalin's Statement

By JOHN A. REICHMANN  
(U. N. Staff Correspondent)

**WASHINGTON, Nov. 1.**—United  
States experts today were reported  
giving intensive study to Soviet  
Premier Joseph Stalin's recent  
statement on Russia's foreign policy.

It was believed that Secretary of  
State James F. Byrnes might make  
some comment on Stalin's replies to  
a series of questions after  
thorough study. For the time be-  
ing he is remaining silent, partly  
in caution and partly because of  
the press of other duties.

**Cautious Approach**

Byrnes gave a clear indication of  
his cautious approach, however,  
when he declined to answer offhand  
a foreign reporter's request for com-  
ment on the Stalin statement.

The question to Byrnes was:  
"Do you agree with the statement  
of Premier Stalin that the greatest  
threat to world peace is constituted

## Foreign Ministers Will Share Debate On Disarmament

By PIERRE J. HUSS  
(U. N. Staff Correspondent)

**NEW YORK, Nov. 1.**—The four  
"big boys" of the council of foreign  
ministers, meeting at the Waldor-  
f-Astoria hotel beginning on Mon-  
day, have been practically com-  
mitted to participating in the world  
disarmament debate booked for the  
United Nations last week.

British sources indicate that  
Foreign Secretary Ernest Bevin, ar-  
riving Saturday on the Aquitania,  
will swing into action in the early  
stages of the explosive debate. It  
is anticipated that Bevin will per-  
sonally take up Soviet Foreign  
Commissar Molotov's challenge to  
render a public accounting of  
British and American troop dis-  
positions abroad.

The viewpoint is growing in  
American foreign circles, con-  
sequently, that it will be difficult  
for Secretary of State James F.  
Byrnes to refrain from stepping  
into the controversy, if only because  
of the prestige involved in Paris and  
since his return from the peace  
conference. Byrnes maintained that  
the council of foreign ministers and  
American participation in the  
United Nations are wholly separate  
leaving him completely out of it.

## December 12 Set For OPA Employees To Quit In Area

**PITTSBURGH, Nov. 1.**—(INS)—  
An early Christmas package was  
handed to 231 western Pennsylvania  
OPA employees today when officials  
in Washington notified them that  
they would be out of work December  
12.

OPA officials in Pittsburgh said  
the 32 price control boards will  
close down Monday.

The action will cut the area force  
37 per cent—leaving 337 workers in  
western Pennsylvania retail offices  
in Pittsburgh, Erie, Meadville and  
Johnstown.

The 231 employees will continue  
to work until December 12 liquidat-  
ing local board business and trans-  
ferring records to the Pittsburgh  
office.

## Local OPA Board Has No Orders Yet On End Of Service

No orders have been received in  
the local Office of Price Control, as  
yet, Chief Clerk J. Lee McFate said  
today and the office is functioning  
as usual. What disposition of the  
local office will be made is un-  
known. There are still many items  
on control such as sugar, furniture  
and some articles of clothing.

## Nevada Trial Is Nearing End

Fate Of Irish War Bride In  
Death Of Husband May  
Reach Jury Tonight

BRIDGET WATERS

**LAS VEGAS, Nev., Nov. 1.**—(INS)—  
The fate of Bridget Waters, Irish  
war bride charged with killing her  
American husband, was expected to  
be placed in the hands of a jury  
today.

As Mrs. Waters prepared to re-  
turn to the witness stand for her  
cross-examination by District  
Attorney V. Gray Gubler, he dis-  
closed that a night session of the  
court has been scheduled.

Gubler said that by agreement  
between himself, District Judge A.  
S. Henderson and Chief Defense  
Counsel L. O. Hawkins, tonight's  
session would continue until both  
sides had finished their final argu-  
ments and the jurist had delivered  
his instructions.

**Few More Questions**

It was understood that Gubler  
had only a few more questions to

## Lutheran Women Open Sessions

Fall Rally Of Women's Mis-  
sionary Society Gets Un-  
der Way This Morn-  
ing At St. Paul's  
Church

Women from Beaver Butler and  
Lawrence counties and from eastern  
Ohio, representing the Women's  
Missionary society of the West Con-  
ference, Pittsburgh Synod of the  
Lutheran church, opened their fall  
rally at 10 o'clock this morning in  
St. Paul's Lutheran church, West  
Grant street.

The morning program was pre-  
ceded by an executive committee  
meeting at 9:30 o'clock after which  
the devotionary service was led by  
Mrs. O. J. Warnath, wife of the  
pastor. Rev. Warnath extended  
greetings to the delegates.

**Committees Named**

At the conclusion of the roll call,  
appointment of committees took  
place, after which the officers of  
the organization were installed by  
Mrs. F. C. Hoch of Butler. Officers  
installed were: acting president,  
Mrs. E. J. Heckel, Freedom, Pa.;  
vice president, Mrs. Karl Hutter,  
Butler; second vice president, Mrs.  
Paul Obermaier, East Liverpool; re-  
cording secretary, Mrs. Paul Mue-

## Get No Game In Canada; Strike Deer On Return

**CAMBRIDGE, O., Nov. 1.**—(INS)—  
John S. Marshall of Valencia, Pa.,  
and three friends spent two weeks  
in Canada recently in quest of good  
hunting. En route home yesterday  
they bagged their first game—win-  
ning a shot.

A two-point 130-pound deer was  
killed instantly when it leaped in  
front of the auto as the party drove  
along state route 22 near Cam-  
bridge. The animal was turned over

## Head Of Miners Shuns Meeting In Washington

Lewis To Remain Away Un-  
til Secretary Krug Re-  
turns Is Indication

**U. M. W. DELEGATION  
INITIATES TALKS  
(BULLETIN)**  
WASHINGTON, Nov. 1.  
—(INS)—United Mine  
Workers President John L.  
Lewis today boycotted the  
opening sessions of a govern-  
ment-UMW conference  
called to hear his demands  
for new wage increases for  
400,000 soft coal miners.

A UMW delegation, headed by  
Vice-President John O'Leary, in-  
itiated the talks with Federal Coal  
Miner Administrator N. H. Collinson  
at 11 a. m.

The conferees met for an hour  
and a half and then adjourned  
until 2:30 p. m. without comment-  
ing on results of the morning ses-  
sion.

It was indicated that Lewis would  
continue to shun the meetings until  
Interior Secretary J. A. Krug re-  
turns from a western tour next  
week.

**"Absorb Surrender"**  
As the government-union discus-  
sions got underway, the bituminous  
coal operators negotiating commit-  
tee issued a statement warning any  
government decision to reopen the  
existing Krug-Lewis mine contract  
"absorb surrender" and "a public  
disgrace." The operators said:  
"This shabby decision to capitulate  
to Lewis' demand for a reopen-

## Home Owners To Meet Wednesday

Dr. Joseph W. Seay Of Allegheny  
County Will Address Associa-  
tion Next Week

Members of the Lawrence County  
branch of the National Home  
and Property Owners Foundation, will  
meet in the city building next  
Wednesday evening, November 6,  
at 8 o'clock. It was announced to-  
day by Bernard H. Hook, presi-  
dent.

This meeting was originally  
scheduled for Thursday evening,  
but because of Halloween was post-  
poned until next week.

The speaker will be Dr. Joseph W.  
Seay, executive vice president of the  
Home, Farm and Property Owners  
Association of Allegheny County,  
an affiliate of the Nation Home  
and Property Owners Foundation.

## Fort Bragg Closed Down By Government

**WASHINGTON, Nov. 1.**—(INS)—  
The replacement and school com-  
mand at Fort Bragg, N. C., former-  
ly the largest individual training en-  
terprise of the armed forces, closed  
today.

Gen. Jacob L. Devers, com-  
manding general of army ground  
forces, said that Bragg's inactiva-  
tion is in line with the President's  
directive for maximum economy in  
utilization of funds and personnel.

It trained more than two mil-  
lion five hundred thousand replace-  
ments and produced 370,000 officers  
and enlisted service school gradu-  
ates.

**GERMAN DOCTORS REMOVED**  
LONDON, Nov. 1.—(INS)—The  
Daily Telegraph reported today  
that Russian authorities in Berlin  
have removed 17 German doctors  
and specialists to the Soviet Union.

The dispatch, cabled from Ber-  
lin, said additional removals of  
doctors and nurses were expected.

they will have their hike and may-

they'll tell me of a big cock-bird  
that got right up and flew before  
they even raised their guns—the

## Greyhound Lines And Employees Sign Contract For Year

CLEVELAND, Nov. 1.—(INS)—Pennsylvania Greyhound Lines, employing 2,300 persons in 11 states, announced in Cleveland today the signing of a new working agreement with the AFL-Amalgamated Association of Street, Electric Railway and Motor Coach Employees of America.

The agreement is effective today and will run for one year. It provides wage increases averaging 6 per cent for bus drivers and maintenance and terminal personnel. The company also extended proportionate increases to non-union employees.

The new contract was signed last night at the expiration of the old one which was reached following a 65-day strike among employees of the Greyhound lines in eastern and midwestern states last year.

States in which Pennsylvania Greyhound operates are Ohio, Illinois, Indiana, Kentucky, Pennsylvania, New York, New Jersey, Delaware, Maryland, Virginia and the District of Columbia.

Wyatt immediately scheduled a late-afternoon conference with RFC officials and said he would go to the meeting armed with a directive instructing RFC to grant the Lustron loan and several similar applications.

## Wyatt Makes New Effort To Secure Fabricating Loan

WASHINGTON, Nov. 1.—(INS)—Wilson Wyatt, national housing expediter, made a last-ditch attempt today to win approval of a \$2 million dollar Reconstruction Finance Corp. loan to the Lustron Corporation, a prefabricated housing firm.

The RFC informed the housing expediter that despite his strong recommendation that the loan be approved, it had decided to turn down the Lustron application.

Wyatt immediately scheduled a late-afternoon conference with RFC officials and said he would go to the meeting armed with a directive instructing RFC to grant the Lustron loan and several similar applications.

## McPeak Is New OPA Rent Control Head

PITTSBURGH, Nov. 1.—(INS)—C. Howard McPeak today was named director of the Western Pennsylvania OPA rent control division succeeding Rev. Charles Owen Rice, who resigned yesterday.

McPeak assumed the post after more than four years in the rent office. He served in nearly every capacity and was executive assistant to Father Rice, when the latter resigned the position to devote full time to directing operations to St. Joseph's House of Hospitality in Pittsburgh.

## HEAD OF MINERS SHUNS MEETING IN WASHINGTON

(Continued from Page One)

ing of the agreement is so bad that even its authors have been unable to utter a word in its favor.

"If the country-wide ownership of property can be set aside in such summary fashion, it is time that the American people realize the serious and far-reaching implications of such action."

No Immediate Showdown

The absence of Lewis from the coal parley seemed to indicate that there will be no immediate showdown in the mine wage controversy.

Krug, who has taken the position that the contract negotiated last May when the government seized the mines cannot be reopened, is not expected back in Washington until after next Tuesday's election.

Other high officials of the government maintain that Lewis is on firm legal ground in his demand for reopening of the existing contract.

The soft coal operators asserted that a few powerful politicians and another government official, whose intimate relationship with the president of the United Mine Workers has been well known in coal circles for years, have taken the stand that the present agreement can be reopened despite Krug's assertion to the contrary.

What Operators Maintain

The operators added: "Most newspaper reports indicate that Secretary Krug did not know what was going on in Washington and, indeed, also led us to believe that the Secretary of Labor did not have a place in this decision."

The decision means the properties of the coal operators are protected and operated by the department of the interior for the government and that Mr. Lewis and his union are free to work or not to work; to make demands for more and more concessions with an implication of a stoppage of coal supply on the threshold of winter if his demands are refused; and to humiliate the government with impunity."

## Philipsburg Man Fatally Injured

PHILIPSBURG, Pa., Nov. 1.—(INS)—Police today listed as an "unavoidable accident" the death of John Ammerman, 26, a Philipsburg post office clerk, who was struck by a truck while crossing the street near his home in Philipsburg.

Ammerman, who recently recovered from an attack of polio, suffered a fractured skull when the side mirror on the truck driven by E. V. Nolte, of Johnstown, struck him in the back of the head, police reported.

## Cleveland Pastor To Be Made Bishop

CLEVELAND, Nov. 1.—(INS)—Rev. Daniel Ivancho, pastor of St. Mary's Byzantine Rite Catholic church in suburban Parma, will be consecrated as bishop Tuesday morning at St. Paul's Roman Catholic Cathedral in Pittsburgh.

Rev. Ivancho, youngest American clergyman selected as titular bishop, will assume spiritual leadership of some 300,000 Greek Catholics in the United States.

Only 38, Father Ivancho will serve as coadjutor with right of succession to Bishop Basil Takach, apostolic exarch of the sub-Carpathian Ruthenians in the United States.

The case history of the petition and the back of it are these: The law provides that where there is a confusion of names upon a ballot, some designation may be used under the name of the candidate. This was true in a primary four years ago when the name of John C. Graham appeared upon the Republican ballot for congress as well as that of Congressman Louis E. Graham.

Congressman Graham took advantage of the law that year to have placed under his name, "Member of Congress," thus avoiding confusion in the mind of voters.

Even in a general election where a similarity of names appears, it is permitted to do the same thing, according to County Solicitor William McElwee Jr.

Sometime before the printing of the ballots, the Board of Elections wrote to Congressman Graham and Mr. Neff asking if either of them wanted any designating line under their names. The letter said he would like his address and the fact that he is a member of congress on the ballot. Mr. Neff never answered the letter, according to Mr. Eskin. The printer was then instructed to place the designation under Congressman Graham's name.

The 85,594 ballots which are partly in the court house and partly in the precinct judges' hands, have been paid for. The check paying for them is in the amount of \$911.47.

Most of the labor at least two-thirds, necessary to preparing the new ballots will be paid for at time and a half, the 40-hour week of the union printers in the shop of Miller, Pyle and Street ending today. With this necessary additional labor cost, plus the additional transportation cost necessary to deliver the ballots, it is estimated the added cost to the taxpayers of Lawrence county will be not less than \$1200 and probably will exceed that by \$100 or more.

## COURT ORDERS REPRINTING OF COUNTY BALLOTS

(Continued from Page One)

Eskin, chief clerk to the county commissioners, was also called and explained the mechanics of the placing of the order. He said all ballots had been printed and delivered, and in many cases had been handed to the judge of election in precincts of the county.

Time Short

Albert Street, owner of the printing firm of Miller, Pyle and Street, the company which printed the ballots, was called and asked if he could reprint the entire lot of ballots in time for delivery to the precinct judges late Monday.

Mr. Street said if his men would work night and day between now and Monday morning, and if there were no delays due to mechanical failures, he thought it could be done. He stated that most of the work required would be time and a half, due to the fact that the men would have to work tonight, Saturday, Saturday night and Sunday, and perhaps Sunday night.

Mr. Street said if he had any mechanical failures, he thought other printers of the city would co-operate with him to get the ballots out.

Judge Graham then made the order and Mr. Street left for his plant to get under way immediately.

U. N. COMMITTEES  
TAKE UP PROBLEMS

(Continued from Page One)

Africa is not giving Indians a fair show. At the last minute, South African premier, Field Marshall Jan Christian Smuts and India's chief delegate, Mrs. Vijaya Lakshmi Pandit, arrived at a momentary truce.

Released for a week from the grasp of assembled delegates, the general assembly described its findings. Madras headquarters to permit it six committees to deliberate on these problems at Lake Success, some miles up in Long Island where the security council holds forth.

On the four committees meeting today, the most important was the one involving trusteeships. This committee will make the ultimate recommendation for a new trusteeship council of the United Nations, which will take over mandates of the old League of Nations passed out after World War I, and apply trusteeships for currently non-governed territories.

The political and security committees have not yet for a meeting today.

It is before this body that Russia's disarmament resolution, revision of the charter to eliminate the big five veto power, and the Franco Spain case will be debated.

DeGAULLE CALLS  
UPON FRENCH TO  
END COALITION

(Continued from Page One)

has declared for a revision of the constitution adopted only three weeks ago.

Urges Change

Instead of tripartite rule, De Gaulle urged the French voters to give enough strength to one party to enable it to govern alone.

He did not specifically mention the Communists but his meaning was clear, that he desires their elimination from the government.

The statement was made by De Gaulle through his political advisor, Gaston Palewski, who was his former state minister of cabinet.

De Gaulle himself remained in seclusion in Colombey Les Deux Agiles.

Almost single handedly he had opposed ratification of the constitution which had the approval of the three major parties. Although the constitution, second to be voted on in less than a year, was approved by a margin of one million voters, the several million abstentions were credited to his efforts.

He declared that the document, failing to provide for a powerful chief of state, would leave France open to chaos in the event the country were involved in a war between east and west.

## Auto Production During Past Week

DETROIT, Nov. 1.—(INS)—American and Canadian automotive plants were credited today with producing over 93 thousand, 266 passenger cars and trucks—setting a new postwar high.

Ward's automotive reports stated this week's output of 93,298 units surpasses the comparable 1941 week by 389 units.

The authoritative automotive report indicated that revised calculations show that the 314 thousand car forecast for November will not be realized in U. S. factories. Ford's cutback of ten per cent in his monthly total and the inability of independents to achieve anticipated goals make for the projected failure.

The output of 411 thousand 386 units in U. S. and Canadian plants made October the postwar high month.

While Nevada observed a legal holiday yesterday, the 82nd Anniversary of the state's admission to the union, Mrs. Waters spent most of the afternoon with her 18-month-old son at Clark county hospital in the custody of under-sheriff Cyril Stewart.

Byrnes quickly noted that the question was put to him by a foreign correspondent. He added that Stalin did not subject himself to such offhand questions but deliberated as much as need be and timed publication of the answers to suit his purpose.

Byrnes May Answer

To reporters present the impression was gained that Byrnes would give an answer when the opportune time arose.

Stalin had asserted that Britain's Winston Churchill and "reactionaries" in both Britain and the United States wished to see another war.

### ANNA R. MANN WED IN TEXAS

Miss Anna Ruth Mann, daughter of Mr. and Mrs. Russell L. Mann of 331 Park avenue, became the bride of Eddie Wayne Franks, son of Mr. and Mrs. R. L. Franks, of Bryan, Texas, at a ceremony in Waco, Texas, on Saturday, October 26, at 6 p. m.

Rev. J. C. Moody officiated at the single ring ceremony in the presence of the immediate family and a few friends.

The bride wore a gray gabardine suit with black accessories and a corsage of pink carnations.

Miss Joyce Lee Frank, sister of the groom, as her attendant, wore a white suit with a corsage of red carnations. Goree Smith was best man for the groom.

After a short wedding trip to Dallas, Tex., the newlyweds will be at home in Waco near Baylor university campus.

Mrs. Franks is a graduate of New Castle high school, entered service with the U.S.M.C.W.R. in December '44, received a discharge in June of this year. Before entering service she was employed in the office of the Universal Sanitary Manufacturing Co. here.

Mr. Franks, a student at Baylor university before enlisting in the U.S.M.C. with which he served three years including service in the Pacific and at Quantico, Va., has re-enrolled at the university for his sophomore year of study.

WIMODAUSIS PLANS  
MONTHLY LUNCHEON

November luncheon of Wimodausis will take place Wednesday, November 6, at one o'clock in the Scottish Rite Cathedral, Mrs. C. A. Donges, 212 East Grant street, and Mrs. Sam Nesic, 326 E. Wallace avenue, are hostesses in charge of reservations.

A board meeting at 12:30 will precede the luncheon.

Program is in charge of Mrs. Glenn R. Weber.

E. L. V. Club Party

Members of the E. L. V. club were entertained at a Halloween party Thursday evening at the home of Mrs. Lew Preston, Neshannock boulevard.

After unmasking 500 was the entertainment with four tables in play. Prizes were awarded to Mrs. Edwin Barnhart, Mrs. Ray Delaney, Mrs. Lew Preston with consolation prize going to Mrs. Jesse Dufford.

Tasty refreshments were served by the hostesses.

Next meeting will be held in the Elks home November 7.

### MASQUERADE DANCE AT CLUB SATURDAY

As a gala event of the fall season, members of New Castle Country club are busy assembling costumes and masques for the halloween masquerade dance to be given at the club Saturday evening.

Only those in costume and masquerade will be admitted, according to announcement of plans for the dance, and indications are that there will be a large attendance.

Music for dancing, to start at 10 o'clock, will be furnished by an orchestra from Grove City by popular request of members.

Costume prizes for both women and men will be awarded for the most attractive, the funniest, etc.

### YOUNG PEOPLE GO ON PROGRESSIVE

Choir and the Christian Endeavor young people of the First Christian church, a group of about 50, met at the church at 7:30 Thursday evening for a halloween progressive social.

Here, as a surprise, several short comedy reels were shown on the church's new movie projector.

The group then went to the Eakin residence on Main street where each one concocted himself a paper hat and a prize for the most original model went to Don Mills. One course of refreshments was served at this stop.

Next call was at the Layton home in East Brook where after a round of halloween games, a second refreshment course was served.

To climax the evening, the group climbed a "ghost walk" in the home of Mrs. Kathryn Nesic Allen, East Wallace avenue, to the recreation room on the third floor where another round of games was in play and the final luncheon course was served.

This was the first of a series of social events planned for the young people of the church during the fall and winter.

### EVENING MASQUE CHILDREN'S EVENT

Mrs. J. Harold Wood, 804 Neshannock boulevard, entertained a group of 15 little school friends Thursday evening at a halloween party for Patricia Jackson of Indianapolis, Ind., who is making her home at the Woods residence.

Each child received a gift from the hostess with a special prize going to Margo Keane for the most unique costume.

Games and contests were the entertainment of the evening at the recreation room which was decorated for the occasion.

A delicious luncheon was served in the dining room where Halloween decorations and appointments were carried out. Mrs. George Young assisted the hostess in serving.

### Leaves for Visit

Mrs. David W. Nesbitt, of the Old Plank road, will leave today for a visit in Tampa, Va., with her daughter, Mrs. George P. Cunningham and Dr. Cunningham.

### MULCAHY-LOWERS MORNING WEDDING

Miss Catherine Mulcahy became the bride of William E. Lowers on Saturday morning, October 26, at 10 a. m. at an open ceremony in St. Mary's church.

Rev. Francis McCarter, pastor of St. Mary's church, officiated at the double ring service in the presence of a large assembly of relatives and friends.

The bride wore a soft pink two-piece wool jersey dress with brown accessories and a corsage of white gardenias and roses.

Miss Betty Hannon, cousin of the bride, her only attendant, wore a brown crepe dress trimmed with gold nailheads and brown and sand accessories, and a corsage of pink roses.

Jack Lowers, cousin of the groom, served as best man.

Processional organ music was played by Miss Marguerite Uhl, church organist, and was sung by the boys choir.

At 11:30 a. m. a wedding breakfast was served to 30 guests at a room on the New Wilmington road. Later in the afternoon 75 guests were entertained at a reception at the home of the bride's mother where a three-tiered wedding cake centered the table.

The newlyweds left on a wedding trip to Cleveland and on their return will take up residence at their newly furnished apartment on West Grant street.

Mrs. Lowers is the daughter of Mrs. Thomas Mulcahy, 1429 West Washington street, and the late Mr. Mulcahy. She is employed at Fisher Bros.

Mr. Lowers is the son of Mr. and Mrs. Arthur Lowers of West Grant street. He is employed at the Johnson Bros. after returning from serving three years in the Navy, two and one-half of which were spent in the South Pacific.

### V. F. W. POST 315 HALLOWEEN PARTY

Ladies' Auxiliary of Neshannock Post 315 V. F. W. assembled in the Post on East Washington street, Wednesday evening for a Halloween party.

Approximately 40 members arrived in various costumes and had a difficult but enjoyable time identifying each other. Costume prizes were captured by Alice Cleaver, receiving first prize; Mrs. Grace Emery, second prize; Mary Emery and Caroline Black were dressed as twins, and received third prize.

During the evening Mrs. Emery led the group in pen singing with Mrs. May Christopherson accompanying. A quiz program was under the direction of Caroline Black and Katherine Black and a scavenger hunt was featured with first and second prizes being awarded to Katherine Ayers and Clara Pia. Much enjoyment was derived from the program of the evening which was very successful.

The Post was decorated for the occasion with corn stalks and other decorations which gave a spooky setting. Mrs. Carrie Shaffer and Harry Black were in charge of the decorations.

Delicious refreshments were served at a late hour and were in charge of Mrs. Rebecca Strong, Mrs. Carrie Shaffer, Caroline Black and Mary Emery.

The auxiliary will gather at the post, Wednesday evening, November 13, at 8 o'clock for the next meeting.

### STUDENT NURSES HAVE MASQUERADE

Entrance to the masquerade party given by the Jameson Memorial Hospital School of Nursing Class of '49 for the staff and student nurses of the hospital Tuesday evening in the Wilmington avenue nurses home was through a "ghost walk".

Prizes for costumes were awarded as follows: most original, Mrs. Eleanor Rainey; funniest, Miss Hazel Taylor and Mrs. Alice Bruswick; special, Miss Elizabeth Milholland.

Entertainment of the evening included Marian Snyder's impersonation of Lena Horne singing "Stormy Weather" and as an encore, "I'm a Big Girl Now". Following this a scene was given by Peggy McGill.

Refreshments were served buffet style and the remainder of the evening was spent in looking for apples, dancing, and group singing.

### Happy Dozen Club

Happy Dozen club members met at the home of Mrs. Shirley Smith, Elizabeth street Wednesday evening for their regular meeting.

The meeting was in the form of a halloween party which featured a scavenger hunt. Prizes were won by the Misses Pat Smith and Mary Lou Rape. A light lunch was served by the hostess assisted by Mrs. Harry Marrella.

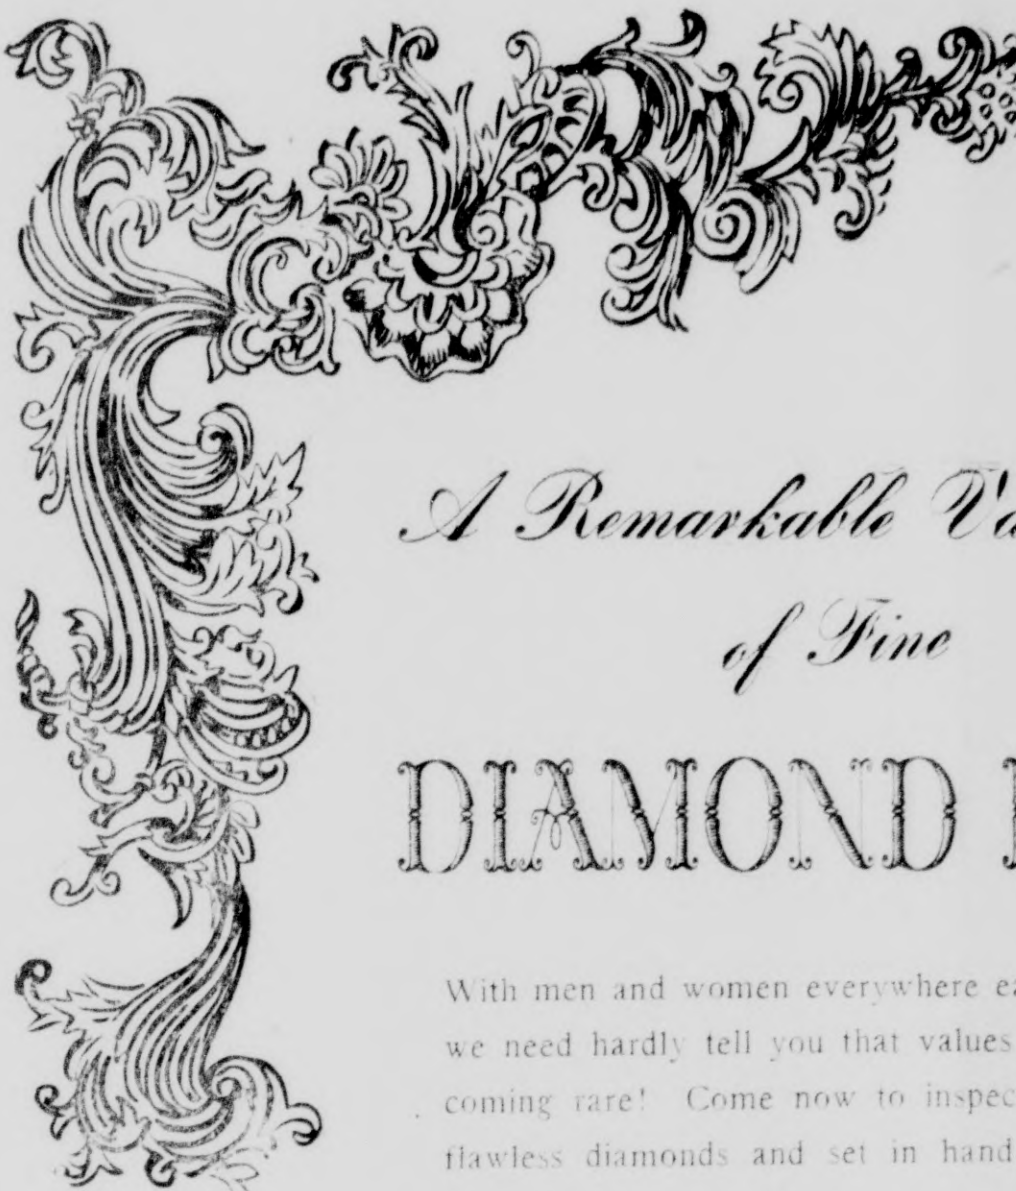

Next meeting will be held December 3 at the home of Miss Mary Lou Rape, Highland Heights.

### G. W. C. Meeting

Mrs. A. M. Richards, West Washington street, was hostess to members of the G. W. C. club when they met Thursday afternoon.

Eight members were present for an informal social time and sewing. Mrs. Sarah Allen, Franklin, Pa., was a special guest of the club. A dainty lunch was served by the hostess, assisted by Mrs. Jack Richardson.

In two weeks Mrs. George Blakeley, Chestnut street, will entertain in her home.

## Lamb Chops Beat Steaks In Getting Here From Mexico

Railroad Tieup Holds Back Cattle; Sheep Come Across Border In Ritzy Trailers

EL PASO, Tex., Nov. 1.—(INS)—Sheep raisers are out in front today in the race to rush Mexican livestock to the United States after a shortage of railroad cars crippled movement of cattle from southern Mexico ranges into American feed-lots.

Not only are potential lamb chops crossing in unlimited numbers daily since the lifting of the U. S. quarantine on Mexican livestock, but they are traveling in ritzy trailers. The few, lean, imported cattle had to plod their way across this point of entry afoot, a slow process in this atomic age.

Northern Mexico cattlemen are allowed to export 200,000 head of cattle each year. The Mexican government last year allowed ranchmen to export about 250,000 head, and cattlemen may ask for an increase in quota this year. There is no quota for sheep and shipments are expected to hit a mark around 500,000 head. No export permit is necessary to bring sheep across.

Sheep raisers not only have the distinction of sending the first livestock across the Texas-Mexico border but they are sending about 10 lambs to every head of cattle. A majority of cattlemen, undisturbed by the huge sheep shipments, say they prefer to keep their calves home on the range to increase weight. They indicated the first big shipments of cattle will not be over until mid-November and December, figuring about 10,000 animals in that period.

## Public Hearings On Disposition Of Pipe Lines

WASHINGTON, Nov. 1.—(INS)—The house surplus property committee announced today that public hearings will open Nov. 19 on the disposition of the 140-million-dollar big and little pipelines.

Rep. Slaughter (D-Mo.), committee chairman, declared that among those invited to testify will be John L. Lewis, head of the United Mine Workers; Harold L. Ickes, former secretary of interior and Jesse Jones, former chairman of the Reconstruction Finance Corporation.

Purpose of the hearings, Slaughter explained, is to pave the way for congressional consideration of action to be taken by the war assets administration in disposing of the two pipelines, constructed during the war to carry oil from the Gulf of Mexico to the Atlantic seaboard.

Disposal of the two pipelines is surrounded by controversy. Slaughter said transportation, oil and gas companies all have different views on how the pipelines should be utilized in peacetime.

Lease or sale of the pipelines to gas companies is strenuously opposed by the United Mine Workers Union on the ground that the importation of natural gas from the south would cause a hardship for the coal industry.

## Speculate On State Cabinet

Numerous Holdovers Likely  
If Duff Is Elected Next  
Tuesday

### OTHER NEWS OF STATE AFFAIRS

HARRISBURG, Nov. 1.—(INS)—One of the favorite pastimes on Capitol Hill these days has been speculation on how many cabinet officers would be retained by Attorney General James H. Duff if he was elected governor on the Republican state November 5. Many persons have predicted that Duff would retain only a few of the present members of Gov. Edward Martin's official family. On the other hand, some leaders feel that Duff would retain many of the members of the present cabinet. One thing seems apparent to most leaders—nearly all the cabinet members would like to retain their posts.

A Democratic victory, however, would remove from the capitol some nearly all of the officials who have been prominent in the past two Republican administrations. No matter which party wins, there will be jockeying among the leaders of the victorious organization to persuade the winning standard-bearer to name his personal candidates to important state posts. The governor-elect usually names his cabinet in December or early January, shortly before he assumes office. The new governor will be inaugurated January 21.

Democratic State Veterans Committee Chairman Nelson W. McCloskey of York has named leaders in 65 counties to conduct the organization's campaign. Leaders included R. C. Malcolm of Carlisle, Allegheny county; Francis J. Duffy of Erie, Erie county; J. P. Pisan of F. Gentry, Fayette county; John F. Gentry, Scranton, Lackawanna county; Andrew Kerestes, Ashtabula county; and Wallace Stine, Newton Hamilton, Mifflin county.

Although Gov. Edward Martin has said the case of H. N. Cobb, milk control commission chairman, caused by U. S. Sen. Joseph F. Guffey of "macing" the agency's personnel was not closed, there were no indications that Cobb would be fired. Cobb, a Republican, wrote letters to approximately 30 MCC personnel "suggesting" they contribute funds to the Republican campaign. Guffey obtained a copy of the letter and leveled macing accusations at the Towanda resident. One leader at the state capitol expressed this opinion: "Cobb should be fired—for stupidity." He explained that Cobb's mistake was writing letters rather than personally contacting MCC employees.

The health department has claimed that its 1945 program was "a good one" but admitted that it was "not good enough if we are to go forward." In a booklet reviewing department activities last year, Secretary Harry W. West outlined objectives of a two-year program. They included better case finding in tuberculosis control, with a base resident in every locality; adequate health protection for all industrial workers, emphasis on epidemiology in venereal disease control, and improvement of school health services. The Pictorial Review is entitled "Pennsylvania's Health."

The Pennsylvania State Chamber of Commerce has reported that a survey of idle factory space in the commonwealth has uncovered only 28 buildings of assorted size and usefulness in 21 cities. Replies from 25 other cities indicated no buildings were available, the chamber said. "The information will assist the chamber in making proper referrals of all inquiries which are being received at a growing rate," the chamber added.

## Charge Japanese Held Up Message

Japanese "Pearl Harbor" Government Charged With Delaying Roosevelt Message

By JOHN RICH (U.S. Staff Correspondent)

TOKYO, Nov. 1.—The Japanese "Pearl Harbor" government today was charged with deliberately holding up for more than 10 hours President Roosevelt's 11th-hour cable attempting to avert the Pacific war.

The cable had been addressed to Emperor Hirohito for delivery by U. S. Ambassador Grew.

Carlisle W. Higgins of Winston-Salem, N. C., in making the charges before the international war crimes tribunal declared the vital message was delayed as the result of a "deliberate order" of the Japanese government.

**Statement Is Made**  
Higgins made the statement in opening remarks of the prosecution's last lengthy phase against Pearl Harbor Premier Hideki Tojo and 26 other defendants. This phase covers Japan's relations with Britain and America.

The prosecutor's 60-page statement traced Japanese-American relations from the Hague convention in 1899.

He asserted that the Japanese "peace" emissaries Nomura and Kurusu carried on peace talks in Washington on the direct orders of Foreign Minister Togo, one of the defendants. He added that the "conversations" obviously were used as a screen to hide the Japanese plan of attack.

Higgins also charged that a Nov. 5, 1941, imperial conference set the date for the opening of hostilities, and resulted in the issuance on the same day of the combined fleet top-secret operation order No. 1 which included the Pearl Harbor attack.

Higgins listed defendants who attended the conference as Togo, Foreign Minister Kaya, President of the Cabinet Planning Board Sugaku, Navy Minister Shimada, former Navy Minister Nagano, Commander in Chief of the Burma Army Kikawa, Chief of Staff of the 11th Army Mito and Chief of the Navy's Military Affairs Bureau Oka.

The prosecutor's opening remarks listed Japanese government treaties and pledges from the turn of the century and added "until Sept. 19, 1931, Japanese pledges were reasonably observed. After this, proclamation of Japanese foreign policy became more and more irreconcilable with the commitments of the nine-power treaty."

### TRIPLET BROTHERS RELEASED FROM ARMY

FORT SHERIDAN, Ill., Nov. 1.—(INS)—Triplet brothers were on their way back to their Louisville, Ky., home today after serving together in the army.

The brothers, Wilbert, Willard and Willie Chasteens, were discharged yesterday at the Fort Sheridan separation center. All were corporals.

They entered the army together, were promoted together, served in Japan together and now plan to go to high school and learn the same trade together.

About 875 local Scouts and Brownies are taking part in this year's observance.

### Veterans To Air Views On Current Union 'Beer War'

PITTSBURGH, Nov. 1.—(INS)—World War II veterans who returned from service and opened beer distributing businesses today were scheduled to meet in Pittsburgh to discuss their position in the AFL-CIO "beer war" over control of brewery workers.

David Scharf, Pittsburgh, secretary of "The Veteran Beer Distributors" said that the vets feel that they are caught in the middle of the dispute, declaring: "The GI distributors are not engaged in labor in any way. They figure they are caught in a fight between unions. We can't afford to have our businesses handicapped by a lack of supply right now. Many of us are operating under GI Bill of Rights loans."

The veterans' meeting was scheduled for tonight at the Eagles auditorium in Pittsburgh. Some 64 GI beer distributors' representatives were expected to attend as members of the organization.

### PRESENTING ENGAGEMENT RING

"As soon as I go home on my next leave from camp, I'm going to ask the 'one and only girl' to marry me. I know her feelings for me are as deep as mine for her and that her answer will probably be 'yes.' In the meantime, I might bring along the engagement ring ready to present it to her."

Answer: Unless the exigencies of Army life make it imperative that your engagement take place immediately, do not appear with the ring until she has said "yes." Ask her either in a letter or when you go home. You might have the ring ordered and surprise her with it after she has accepted you. But if you have never broached the subject of marriage to her, she will doubtless consider you too confident if you present her with the ring at the time of your proposal.

On the contrary, if your correspondence has hinted your intention, and her replies encouraged you, she will probably expect your question and have her affirmative ready, in which case you may bring the ring along with you. But I'll give you a little hint. Most women, if not all, have particular ideas about the kind of engagement ring they want, so if you really want to please her, take her along and let her select something to her liking—within your means, of course.

Question: How should wedding invitations read when the bride's parents are dead? Is it proper for an older married sister to issue them?

Answer: The married sister and her husband might issue invitations thus:

Mr. and Mrs. John Smith request the honor of your presence at the marriage of their sister Mary Jane to etc. etc.

Present your problems to Miss Markel, who will promptly mail replies to questions from readers enclosing a stamped, self-addressed envelope.

### Penn Campus And Buildings Paint Splattered

PHILADELPHIA, Nov. 1.—(INS)—A "who admit" mystery baffled University of Pennsylvania officials today as they awoke to find their campus and buildings splattered with orange paint.

Pranksters during the night splashed buckets of the bright pigment liberally over streets and sidewalks, painting a huge letter "P" on various out-standing spots.

The walls of Franklin field received a liberal going over, and a statue of Benjamin Franklin as a boy was garbed in a bright orange suit. He also got a new hat—an empty bucket of paint.

A big letter "P" also graced the huge Gothic doorway at Irvine auditorium to complete a job which will cost several thousand dollars to undo.

Of course, it was Halloween last night, but then again, Penn plays football with Princeton tomorrow. Princeton's colors are orange and black.

## New Superior Court Ruling On Benefits

PHILADELPHIA, Nov. 1.—(INS)—The State Superior Court ruled Thursday that a person out of work seeking benefits under the unemployment compensation laws must show good faith or no benefits can be awarded.

In an opinion by Judge Claude T. Reno, the court said: "There can be no good cause which does not rest in good faith. Good faith embraces not only the merely negative virtue of freedom from fraud but also positive conduct which is consistent with a genuine desire to work and to be self-supporting. Good faith never resides in a claimant who is seeking to take advantage of his benefit rights in order to have a compensated vacation from work."

The decision was handed down in an appeal by the Department of

Labor and Industry of Pennsylvania. Bureau of Employment and Unemployment Compensation from a ruling by the Unemployment Compensation Board of Review.

The Superior Court reverses the Board of Review that had granted an application for unemployment compensation made by Dorothy J. Brilhart.

The woman claimant, was employed from May 1945 to August 14, 1945 as a spot welder in a munitions plant—the Sylvania Electric Products corporation in Johnstown.

Out of work because of the termination of war work, she applied for benefits registered for work and on August 30, 1945, was referred to two prospective employers.

The wages offered, according to the findings, were the prevailing wage in the area, but considerably

less than she had been receiving.

She rejected both referrals without interviewing the referred employers and the bureau denied her claim and appealed to a referee who affirmed the bureau's determination. Then the woman appealed to the board and that body determined she had not had a reasonable opportunity to obtain wages reasonably commensurate to those previously earned and reversed the referee.

### Byrnes-Gen. Clay To Discuss Peace Plan For Germany

WASHINGTON, Nov. 1.—(INS)—Secretary of State Byrnes announced Thursday that he asked Lt. Gen. Lucius Clay, American member of the allied control council for Germany, to meet with him Nov. 10 in New York for preliminary discussion of a proposed German peace treaty.

Byrnes said that Clay will be accompanied by Ambassador Robert P. Murphy, the general political adviser.

But Byrnes made it clear that unless he makes some progress on the question of a German peace settlement after the matter comes before the big four foreign ministers council on Nov. 26, he does not plan to make another trip to Europe.

Lawrence county was named in honor of Captain James Lawrence.

## Around Hollywood

By JOHN TODD

International News Service Staff Correspondent

HOLLYWOOD, Nov. 1.—(INS)—Even the glamorous great become involved in a comedy of errors, with cops and robbers and a Mack Senneff touch thrown in.

Like the other dark evening at the home of Esther Williams and her husband, Ben Gaze, while they were entertaining Shirley Temple and her hubby, Jack Agar, at bridge.

Esther had just bid two hearts when the doorbell rang and a large gentleman in police uniform asked politely if he might use the telephone to call the West Los Angeles station.

### Makes Report

Esther said "of course," and a moment later the policeman was reporting into the phone there was an upstairs light in the unoccupied house around the corner which Deanna Durbin and her husband, Producer Felix Jackson, recently purchased from Virginia Bruce. He said he thought it was suspicious.

The policeman said "thank you," Shirley bid two spades and the game proceeded quietly for half an hour. Then the bell rang again. At the door was an even larger gentleman than the previous visitor who asked if he might use the phone to call the station house. He was in civilian clothes but he explained he was a policeman, too.

All listened intently while he reported over the phone that the new Durbin home had been entered and some of the fixtures stolen. He said "thank you" and left.

"Something Fishy"

Shirley turned to Esther and said: "There's something very fishy about this. I don't think they're policemen at all. I think they're burglars getting in here under that pretense to 'case' your home and then rob it."

When they left Shirley said: "I don't care. I'll bet you they are a gang of robbers who have stolen some police uniforms. I'll bet they are planning to rob this house."

Everybody else laughed and soon the game broke up.

Shirley Still Skeptical

The next morning Shirley still was skeptical. She telephoned the police station and inquired if policemen had been investigating a robbery at the new Durbin home. The police said they'd send somebody right up.

A few minutes later a patrol car screamed up to the curb and four policemen piled out. They wanted Mrs. Agar to tell them everything she knew about the burglary.

Shirley finally convinced them she didn't know anything about the burglary, that all she wanted to know was whether there'd been one. Now that she was satisfied she didn't want Esther to worry, particularly so because after a strenuous eight months completing "This Time for Keeps" and "Pia" for M-G-M, Esther had retired to await the arrival of the stork early next year.

So Shirley phoned Esther. "Everything's alright, you don't have to worry," she said.

"I'm not worrying," Esther replied. "Well, don't," said Shirley. "Don't worry, I won't," said Esther.

Shirley hung up, but Esther held on to the phone. She called a private detective agency and engaged two men to guard her home against burglars.

UNEXPECTED VEIN OF COAL DISCOVERED

PITTSBURGH, Nov. 1.—(INS)—Allegheny county commissioners were wondering what to do with 7500 tons of coal strip-mined in the excavation for expansion of the greater Pittsburgh airport.

The coal vein was discovered unexpectedly when bulldozers and giant scrapers ripped off a hilltop near the airport.

County Aviation Director John B. Sweeney reported he had numerous inquiries concerning the coal which is of average quality selling around \$6.80 per ton.

## Film Stars Now More Beautiful

CHICAGO.—(INS)—Movie stars of the talking and technicolor era are more beautiful than those in the silent films, but they have gone too far in freedom of dress and action, says Lillian Castle.

Mrs. Castle, 83, is a veteran of more than 60 years of acting. The actress, then Lillian La Blanche, ran away from her St. Louis home

at the age of 11 to join a circus. She became a trapeze artist and played 5,000 performances in 18 years before going on the stage and later into films.

She has one other criticism of younger movie folk. "Show people don't seem to take marriage so seriously."

Mrs. Castle married her husband, Fred Castle, a commercial artist, in Chicago 31 years ago. They now live in Hollywood where she recently appeared in "I Never Left Home" and "A Tree Grows in Brooklyn."

## Sharon May Take Over Water Company

SHARON, Pa., Nov. 1.—(INS)—The Sharon city council has taken under advisement a plan to purchase the Shenango Valley Water company and operate it as a municipal plant.

Councilmen said it could be financed by setting up a municipal authority which would float the necessary bond issues.

# CONFERENCE OF AMERICAN SMALL BUSINESS ORGANIZATIONS

Board of Trade Building  
Chicago 4, Illinois. October 4, 1946

The Honorable Louis E. Graham  
Beaver, Pennsylvania  
Dear Congressman Graham:

During the session of the 79th Congress this Conference has been watching very closely the work of individual Congressmen with respect to their interest in legislation which might affect the welfare of the small business concerns of America.

You, more than most of the other members of the House of Representatives, have shown your active interest in the problems confronting small business and we are mindful of your efforts to aid us in solving some of the problems small business is facing, especially that large percentage of retail and wholesale trade and manufacturing, which has been regimented and harassed by bureaucracy beyond any emergency necessity.

We wish especially to commend you for your statesman-like stand on what are regarded as controversial issues. Your public statement to the effect that what is best for the country as a whole is also best for business as a whole and best for labor as a whole, is to be commended as a forthright statement of fact, but it is the kind of statement which takes courage to back up the conviction.

We wish to take this opportunity of expressing to you deep appreciation for your constructive work in promoting the passage of good legislation to save our free enterprise system and private initiative in America, as typified by small business.

We also appreciate your untiring courtesy and friendliness whenever we have had occasion to call on you in your Washington office.

I wish it were possible for me, personally, to meet every business man throughout the 25th Congressional District in Pennsylvania that he should feel under obligation to you.

Cordially and sincerely,  
(Signed) F. A. VIRKUS,  
Fred A. Virkus, Chairman

## Urge Expansion Of High School Vocational Work

State Chamber Of Commerce Sub-Committee Claims Need For Increase In Program

HARRISBURG, Nov. 1.—(INS)—A need for expanded vocational education programs in high schools was emphasized in a report of a Pennsylvania State Chamber of Commerce sub-committee.

The report was issued by the committee on education headed by Ralph E. Weeks of Scranton. A sub-committee on vocational education, headed by William A. Hemphill of Philadelphia, was preparing recommendations for submission to the 1947 General Assembly.

In the county of Pennsylvania does the percentage of "blue collar" workers fall below 50 per cent and this group comprises from 70 to 85 per cent of the total employed in 48 of the 67 counties," the report said.

"Despite this fact, more than half of the districts operating secondary schools in Pennsylvania do not offer regular vocational courses of any kind and 527 of the 1043 secondary schools above the junior high level do not give such courses."

"Business, industry and agriculture may find it desirable to re-examine their attitudes toward the educational program to see if they have actually given it proper encouragement and attention and support required."

**Asks Labor's Aid**  
"Organized labor may also find it worthwhile to analyze its policies, rules and regulations to discover whether they promote or hinder the proper training of future wage earners and co-workers."

"If an expanded and improved system of vocational education is desirable in Pennsylvania, the present and the immediate future offer the best time for its accomplishment."

"School building outlays postponed for the past five years or more and soon to be resumed, are in the blueprint stage in most communities and this can still be fitted to such needs as may exist in the vocational field," the report stated.

Less than 30,000 students, or about eight per cent of those in Pennsylvania's high schools last year, received vocational training for jobs in agriculture, commerce and industry, according to the sub-committee.

The report blasted what it called "the widely-held conception that manual labor is degrading, that true culture can be taught only in academic schools and colleges; and that the successful man is the one who works with his head rather than with his hands."

"Parents, in all walks of life, as well as many of the school people, have taken such an attitude in varying degrees, for many years," the report said.

"While such an attitude can be appreciated, it cannot be defended and certainly cannot be recommended," the report concluded.

**MARKS 102ND BIRTHDAY**  
DUNKIRK, Pa., Nov. 1.—(INS)—Robert M. Round, of Ripley, recently was honored at a luncheon at Fredonia, marking his 102nd birthday and the anniversary of 20 years service on the Chautauque county public health committee.

### VEGETABLES WITH MEAT HELP EXTEND FLAVOR

Making a little meat go along way is not new. Favorite meat-stretching recipes have come out and families have been taking the meat shortage in their stride.

Meat is a good food. It is high in the food nutrients, protein, iron, and the vitamin B complex. These food elements can be obtained by using eggs, cheese, milk, or dried peas and beans. By combining these with vegetables and small amounts of meat, we are able to get the same food nutrients and the flavor of meat.

Milk will take the place of meat in furnishing the amount of protein needed. Just use an extra cup or two. Some of us need to use more milk in the diet anyway.

Here are two suggestions for making meat go further. For others just call 2972 or write to the Agricultural Extension Office, No. 206 Post Office Building, New Castle, and ask for the leaflet "Making Meat Go Further."

**Meat Squares**  
1-4 pounds ground beef  
2 cups cornflakes  
1 egg  
1 medium sized onion, minced  
1 tablespoon prepared mustard  
3 tablespoons minced green pepper  
1/2 cup milk  
Salt and pepper to taste

Mix ingredients together, press out on broiler pan in square about 2 inches thick. Broil about 10 minutes on one side, cut in squares, turn and broil about 10 minutes on other side. Makes six generous servings.

**Veal Cutlets**  
1 1/2 pound round of veal  
flour  
salt and pepper  
1 cup cold water, tomato juice, or sour cream

Cut veal in individual pieces. Roll in flour to which the salt and pepper have been added. Brown both sides in fat. Pour water, tomato juice, or sour cream over veal. Cover and simmer for 45 minutes. Serve with gravy formed in the pan. Enough for six generous servings.

### WELL BUILT BARNS EASIER TO CLEAN

Cleanliness pays off in the barn as well as in the home.

Modern barns with plenty of light and ventilation, smooth insulated walls and ceilings, concrete floors and steel equipment are easy to keep clean and provide safe quarters for valuable livestock.

Such premises are easy to disinfect. Smooth, hard surfaces do not soak up and waste germicide. Disease outbreaks are less likely to occur under sanitary conditions.

Dark, damp barns, with dirt or wooden floors, rickety mangers and equipment, provide breeding and harboring places for disease germs, and are hard and expensive to clean and disinfect.

### Appropriate Money For Armistice Day

City Council Also Provides For Small Sanitary Sewer And Payment For Lights

Members of council met in city hall Thursday and adopted unanimously an ordinance which provides for the city council to appropriate from general revenue \$200 to help Post No. 552, Veterans of Foreign Wars and the Marine Corps league to pay Armistice Day celebration expenses.

Council also adopted an ordinance which provides for the construction of a sanitary sewer in Taylor street between districts east and west of South Mill street. Lee Fornatore, owner of property on the east side of South Mill street, will be required to pay for carrying the sewer across South Mill street.

Council also ordered drafted an ordinance appropriating \$2,500 for new traffic lights and flasher units, recommended by the Lawrence County Traffic Study committee, which the latter believes will benefit traffic movements here. The lights and flashers will be installed in different sections.

### Traffic Deaths In Rural Areas Higher

CHICAGO, Nov. 1.—(INS)—A marked trend toward increasing rural traffic accidents was evidenced today in the national safety council's September traffic death toll figures.

The National Safety Council listed 2,949 deaths during September, with rural fatalities up 19 per cent since January. The toll represented a 28 per cent decrease in city traffic deaths for the same period.

Compared with last year, city deaths in 1946 rose only 6 per cent, while rural deaths currently are 48 per cent above 1945.

The 24,090 traffic deaths in the first nine months of 1946 marked a 30 per cent increase over 1945, but a 13 per cent decrease compared to the same period in 1941, the last previous year of unrationed gasoline.

### Armour And Company Guilty On 17 Counts

PHILADELPHIA, Nov. 1.—(INS)—Armour & Co., meat packers, were convicted Thursday on 17 counts "fixing" purchases by butchers desiring butter and meat.

U. S. District Judge Guy K. Bard deferred sentence until December 2 pending a hearing on a new trial motion. The maximum sentence would be a fine of \$5,000 on each count.

The company was accused of forcing butchers to buy scrapie chickens, soap eggs, and turkey livers to obtain meat and butter.

### PLAINGROVE

Word has been received here of the death of Mrs. K. I. Neely, former resident of Plaingrove, in Washington, D. C. Mrs. Neely was the mother of Seth Neely, Mrs. Veda McNulty and Mrs. Charles McNulty of this community. The body will arrive Thursday evening and funeral services will be conducted by Rev. Leslie Bell of Weston.

Robert Peebles and H. P. Wallace attended the telephone conference at The Castleton in New Castle. Special evangelistic services are in progress at the Presbyterian church with Joe Marone of New York City as the evangelist. The closing meeting will be on Sunday evening, with services scheduled for Saturday evening. Members of the Portersville church attended in a body on

Tuesday evening. Rev. J. C. Paxon directed the group.

Sophomore class of the high school enjoyed a Halloween carnival at the school on Monday evening.

Mr. and Mrs. Norman W. Fields of Washington, D. C., spent Monday at the home of Mr. and Mrs. Fred Fisher.

Mr. and Mrs. Donald Burns moved to Greenfield, Ill., to visit at the home of relatives.

Miss Mary Shoaff and Mrs. Lucy Wallace visited in Pittsburgh at the home of Mr. and Mrs. Edwin Goodman and family Saturday.

Rev. and Mrs. Calvin Winder and family of Edinburg are visiting at the homes of their parents, Mr. and Mrs. John Eppinger and Mr. and Mrs. Joseph Winder.

CORVALLIS, Ore.—(INS)—Another man's job being taken over by the machine is "prune tree shaking" which before the war took thousands of hours of hard labor.

Mechanical shakers, all rigged up by farmers using tractors are said to shake down 16 times as many prunes for harvest as the old "elbow grease" method.

## NOVEL METHOD TO REVIVE POISONED FISH AT WARREN

WARREN, Pa., Nov. 1.—(INS)—Sportsmen in the Warren area were adopting a novel method of saving hundreds of game fish poisoned by pollution in Conewago creek.

The fish, poisoned, but still alive and floating, are taken from the stream and placed in a tank of oxygenized water and moved to a point in the creek where pollution is not felt.

The state game commission furnished a tank wagon in the initial experiment, the first of its kind attempted in the Warren district.

Fish are allowed to remain in the tank for a specified period in water heavily charged with oxygen. When released they are once again full of the old fight, sportsmen said.

## Overseas Surplus Property Returns More Than Expected

Secretary Byrnes Says U. S. Has  
Sold \$1,400,000,000 Worth  
Of Surplus Goods

WASHINGTON, Nov. 1.—(INS)—Secretary of State Byrnes reported Thursday that the return so far obtained for overseas surplus property has far exceeded the total hoped for at the beginning of the disposal program.

Byrnes submitted to Congress the report of the foreign liquidation commissioner, which showed that by September 30, 1946, property with original cost to the United States of five billion \$70 million dollars had been sold for one billion 400 million dollars.

The secretary of state noted: "The return which has been obtained for overseas surplus, while it necessarily represents only a fraction of the original procurement cost of the property sold, has already far exceeded the total realization hoped for at the beginning of the overseas disposal program."

"In addition, it has been possible to effect this realization on terms which will result in a substantially greater direct and immediate benefit to the American taxpayer than we had believed possible."

The report stated that the most outstanding achievements in the three months ending last September 30 were the bulk sales to the governments of China and the Philippines. Byrnes observed:

"These sales will bring about a substantial reduction in the operating expenses of the Army and Navy and will make possible the reassignment of substantial numbers of military personnel previously tied down by custodial duties."

Sales of surplus property overseas rose sharply in the July-September quarter, the increase resulting largely from bulk sales to the governments of Italy and Belgium as well as China and the Philippines.

## Former Santa Fe Prison 'Guest' Busy Elsewhere

GREENSBURG, Pa., Nov. 1.—(INS)—If Santa Fe, N. M., prison authorities are wondering why their former "guest," James Andrew Urdar, hasn't kept his promise to write them a monthly letter, there's a reason.

John's been terribly busy. "So busy, in fact, that today he is held by Greensburg police under \$11,000 bond on charges of bigamy, larceny, fraudulent conversion and two charges of falsely impersonating an army officer."

Pennsylvania state police disclosed today that John, 32, son of a Somerset coal miner, once was sentenced to life imprisonment in Santa Fe under the "habitual criminal" act. That was in 1941 when he was caught passing stolen watches and possessing a stolen automobile.

He was released on stipulations that he would leave New Mexico but write a monthly letter to prison authorities.

Since then, police reported, John has been arrested at least a dozen times. Among his mistakes, police listed five marriages with no divorces and said he went around the country posing as an aide to Gen. "Doc" Eisenhower.

Following a wide circuitous route he finally came out on the road, says a mile or so below the camp.

We backtracked to a trail which leads down to the creek and allows a good approach to the deep woodland on the far bank. The shallow stream was literally alive with crayfish in all stages of growth. As we splashed through the crossing more than a dozen of these fellows

Q. Why do persons past 40 years of age require bifocals?

Ans. Because of sclerosing or hardening of the lens within the eye, thus disabling the eye to focus near objects.

Q. How can the average person determine that they need bifocals?

Ans. If small print runs together, if you can't thread a needle, or read a micrometer, and if you must read at arms length, and if your eyes tire and if you develop headaches while reading—you need bifocals and examination by Dr. Meyer.

Q. At what age should bifocals be first used?

Ans. At the discretion of the doctor; usually at 40 years of age, rarely before; those who wait until 48 years of age, do so at the risk of developing cataracts in later years, because of abuse. Sometimes bifocals are prescribed for children, but never by Dr. Meyer, because they inactivate the focusing apparatus of children and thus weaken it, whereas in adults, bifocals are beneficial.

## SCOTT'S SCRAP BOOK

By R. J. SCOTT

## IN THE OPEN

I came awake to find that October had opened wide the sluice gates. From the low overcast a cold steady downpour drummed against rooftops and turned into a shrubbery into dripping masses of chill wetness. By mid-morning there had been no lull in the deluge and I knew that old man Phivous had settled down to make a day of it.

My schedule called for noon rendezvous with a group of friends planning an outdoor weekend in an isolated camp. The arctic of many shrubbery into dripping masses of chill wetness. By mid-morning there had been no lull in the deluge and I knew that old man Phivous had settled down to make a day of it.

Fortified by a good hot meal two of us set out on a hike through the countryside, rain or no rain. I wore knee boots and a hunting coat, topped by a slicker which came just above my knees. The cold rain clawed at us as we struck across the barren farmed-out uplands.

Great patches of poverty grass shared this area with spreading bromo grass and the common cinquefoil which always overruns such wastelands.

Every few rods we ploughed through a wild berry tangle. The wet brambles made short work of the exposed area about my knees. This minor discomfort served only to add to the saturated "feel" of the afternoon. The ferns were ablaze with scrub saxifrage and the frost-tinted foliage of an occasional maple looked like a show of variegated green and yellow coloring while the scarlet of wild cherry and sumac accented the hillside picture.

Alive With Crayfish

Following a wide circuitous route he finally came out on the road, says a mile or so below the camp.

We backtracked to a trail which leads down to the creek and allows a good approach to the deep woodland on the far bank. The shallow stream was literally alive with crayfish in all stages of growth. As we splashed through the crossing more than a dozen of these fellows

## Peace Time Preparedness Plans Made

By LEE VAN ATTA  
(U.S. Staff Correspondent)

WASHINGTON, Nov. 1.—The most sweeping industrial preparedness program in U.S. peacetime history was disclosed today to have been launched by the army air forces and the aviation industries of America.

Nearly 30 major air production organizations already have joined the determined campaign to place industry on an instantaneous war-emergency footing should it ever again be necessary.

The plan, which is likened to an industrial "M-day," involves manufacturers in every state of the union and ranges from the "big five" aircraft producers to the essential small parts companies which dot virtually every city and state.

Immediate objectives of the drive, as announced by army air headquarters, are the maintenance of vital machine tools, the conservation and preservation of key production centers and a thorough advance outline of industrial requirements should emergency ever again threaten the nation.

Some 15 million dollars has been

allocated for the coming year for an intensive probe into the status of all industries allied with air-power in World War II and for the drafting of a master plan for their future M-day tasks.

Gen. Nathan F. Twining's air command disclosed that models of future military aircraft, which would be produced for the AAP in case of emergency have already been selected, subjected to constant revision as new developments demand.

**Plan Outlined**

Development of the joint air industrial plan is embraced in a "four keys to security" program approved by military flyers and industrialists alike.

The plan calls for:

1. An adequate research and development program which carries right through to production limited numbers of latest weapons.

2. The maintenance of a strong nucleus of aircraft industry capable of swift, overnight expansion into wartime peak production.

3. The maintenance of an effective industrial reserve of production facilities and resources.

4. Specific industrial preparedness plans to maintain newest air weapons in a state of readiness for volume production.

## James Valley Officer Aboard New U. S. Carrier

Ensign James R. Valley, 1403

Wilmington avenue, is serving with bombing fighter squadron 75 aboard the new super-carrier, USS Franklin D. Roosevelt, which recently completed a tour of the Mediterranean.

Ensign Valley's squadron, commissioned June 1, 1945, was created and scheduled to serve aboard the Roosevelt from the onset, and consequently took part in the aerial exhibition off the coast of Brazil, near Rio de Janeiro in January of this year, during the inauguration of President Dutra.

Following the tour of the Mediterranean waters, the new carrier continued her peacetime exhibitions over the ports of Athens, Malta, Algiers and Portugal.

LEWISTOWN — For two hours women were in direct control of Lewistown. When Good Government Day was observed October 26, women of the Moose assumed executive operations of the community.

**Alexander Named Defense Minister**

LONDON, Nov. 1.—(INS)—A. V. Alexander became Britain's first defense minister today as the government's reorganized central defense organization received the approval of parliament.

Under the plan, the prime minister will be responsible in matters of defense to the parliament. Next in order will be the defense committee, which is replacing the former committee of imperial defense.

PHILADELPHIA — The vanguard of 1200 Middles was marching in step over a bridge to the Navy-Pennsylvania football game when the structure began to shudder. A passerby yelled at their youthful commander: "Hey, yab better break step or you'll wreck the bridge."

## INDUSTRIAL SAFETY RECORD HIGH UNDER REGIME OF MARTIN

HARRISBURG, Nov. 1.—(INS)—The Republican labor committee today claimed Pennsylvania workers had enjoyed the best protection against industrial mishaps in the state's history under the administration of Gov. Edward Martin.

Only 367 mining fatalities occurred last year, the lowest record in 30 years, according to deputy secretary of labor and industry David Williams, chairman. The overall picture revealed "never were the workers protected against accidents on the job as they have been protected during the Martin administration," according to Williams.

**BELIEVE MISSING SAILOR WAS SLAIN**

PHILADELPHIA, Nov. 1.—(INS)—The disappearance of a 21-year-old upstate Navy veteran increased fears that he had been slain today as hunters answered a police appeal to search for his body in area woodlands.

Police theorized that the body of Irving R. Shoup, of Peckville, will probably turn up in that manner. Hunters will be going out this morning for the opening of the small game season.

## Cases Filed For Court Hearings

Number Of Divorce Suits Are Also Instituted In Edgar's Offices

### OTHER NEWS OF COURT HOUSE

Divorce suits, damage suits, suits for the collection of debts, these and a score of other actions pass through the office of Prothonotary and Clerk of Courts John A. Edgar, all of them ticketed for hearing but most of them settled before the day of trial.

Listed on Mr. Edgar's docket are the following cases which have been filed for hearing:

Lewis E. Southern asks \$5,010 damages from the Penn-Ohio Coach line for injuries sustained December 31, 1944, when the coach in which he was riding from Pittsburgh collided with another vehicle. Mr. Southern claims injuries to his leg sustained in the south Pacific were aggravated by the accident.

Kate A. McFarland asks \$25.00 damages from Paul Butch because Mr. Butch allegedly shut the water off. The case is this: the plaintiff owns 39.91 acres of land in Mahoning township and the defendant owns an adjoining 10 acres. Upon the land of the defendant is a spring which the plaintiff claims has furnished water for several houses in the neighborhood by means of a pipe for over 21 years. On August 5, 1946, it is alleged the defendant shut off the water from the pipe and left the plaintiff without water. In addition, she claims she had a house which was to be sold for \$3,600, but the buyer called the deal off when the water was shut off.

The Citizens Lumber company asks \$494.13 alleged to be due on a bill of merchandise purchased.

As usual, there are some divorce applications. Stella Bethle of 301 Phillips street asks a divorce from Frank Bethle of 1012 South Jefferson street upon the grounds of cruel and barbarous treatment and indignities to person. They were

married October 23, 1938, in New Castle.

Joseph Passerello of 23 South Front street asks a divorce from Arthur Passerello of 319 1/2 Shady-side avenue, New Castle, upon the grounds of cruel and barbarous treatment and indignities to person. They were married June 17, 1937, in New Castle.

Kenneth E. McConnell of 711 Court street, New Castle, asks a divorce from Anna Mae McConnell of 804 Wilmington avenue, New Castle, upon the grounds of indignities to person. They were married in Columbia, S. C., June 3, 1944.

The Manufacturers Distributing company asks \$346.09 from Elrick H. Scarazzo alleged to be due upon a bill of merchandise sold.

### Pedestrian Death Toll On Increase

Pennsylvania Motor Federation Gives Suggestions On How To Reduce Fatal Accidents

HARRISBURG, Nov. 1.—With 138 more deaths in the first eight months of 1946 than occurred in the same period of 1945 through highway accidents involving pedestrians, Pennsylvania Motor Federation today offered several suggestions to pedestrians in the interest of reducing the pedestrian death and injury rate on streets and highways.

With 476 pedestrians losing their lives in the first eight months of 1946, over 388 in 1945, the federation advanced the following suggestions: Cross only at intersections, obey all traffic lights, walk on the left facing traffic, where there are no sidewalks.

The federation went on to say that more emphasis must be placed by local governments on pedestrian education and protection and where accidents have occurred, steps be taken to prevent their recurrence.

Pennsylvania Department of Agriculture was created in 1895.

## Babson Gives Further Discussion To Investing

By ROGER W. BABSON  
(Copyright, 1946, Publishers Financial Bureau, Inc.)

EUREKA, Kan., Nov. 1.—October is my month for traveling. The first half I spent in New York where due to the trucking strike I couldn't get a glass of milk; in Boston, where due to its narrow streets I couldn't park a car within two miles of the place I wanted to visit; in dirty and windy Chicago, with its run-down shops, vice and foul entertainment; in Kansas City, noted for its rotten politics; and in St. Louis, which seems to me to be the coldest city in the winter and the hottest city in the summer.

## The Real America

Although the ten largest cities of the United States have 30,000,000 people, or nearly 20 per cent of the entire population, yet they do not represent the American people. The true Americans are found in the small cities of the farming and cattle sections which I love to visit. Here, the people create the real wealth which is sucked into the great cities and flows away to the sea. It is inspiring to look from a train window and see the golden fields of wheat, corn and other products. Yes, fine dairy cattle, steers, hogs and poultry are here galore. Last night I had the finest steak I have ever eaten. Whether it is due to the bad movies, or radio news, or love magazines, I do not know; but certainly the big cities are featured far too much. The little cities should band together and do some advertising.

## Don't Like Big Farms

This does not mean that readers should now come out here and buy farms. Big commercial farms are "big business" like steel plants, shoe factories or department stores. Moreover, I think that next year will see a break in the price of farm products which should result in lower prices for commercial farms. I do, however, look upon the small sustenance farm, where the owner has an outside source of in-

come, as the finest insurance that the world offers.

I especially recommend good business property in small rural cities. Even though much of this is now selling higher than before the war, I still believe it is among the safest investments it kept well maintained and properly insured. If you do not want the care of such property, you can loan on a mortgage thereon and get 4 per cent interest safely. Of course, you should select a section of the country which will be free from bombing attacks in World War III.

## Investing Money

Readers who cannot conveniently buy such property can secure the same protection which such rural communities offer, by buying the stocks of certain companies whose assets are mostly located in small interior cities. Just before leaving home my secretary asked me about the investment of \$5,000 which she had heretofore refrained from investing because of the high prices of the past year. Now, due to the recent drop, she feels it is a good time to dip in. Shall I advise her to buy securities of companies with their plants in big cities? Not much!

I am now suggesting that she buy these ten stocks: General Foods, Kroger Grocery and Pet Milk as representing the food supply; J. C. Penney company and McLellan Stores as representing the merchandizing group; Diamond Match and Dore & Co. as representing building materials and machinery; Corn Products and Quaker Oats as representing the feed industry. For good measure I included St. Joseph Lead where she can hide her money underground in a metal which actually is more valuable than gold. The assets of these companies are not in big cities, but are distributed throughout the great agricultural districts in useful industries which serve mankind.

## More Suggestions

The above ten stocks will take all the spare money which my secretary has, but while on this trip I have decided to add to my Safe List: Kansas City & Southern R. R. Co. and of the Western Union Telegraph Co. Again, I urge diversification. Never put more than 10 per cent of your money in any one industry or more than 5 per cent of your money in any one company. All the above securities are listed on the New York Stock Exchange and can be bought through your local bank.

## Ribbons Won By Volant Canaries

Birds Owned By Cliff E. Newby  
Arrive Home From Kansas City  
Color Breeder's Show

Four canaries, owned by Cliff E. Newby of Volant, have just arrived in the county from Kansas City, Mo., where they were shipped last week, with canaries from the United States, Canada and other countries at the American Color Breeders Club, Inc. show held in conjunction with the Royal Live Stock show at Kansas City.

The awards to the four canaries, which were raised at Volant, consisted of three first blue ribbons, two specials and one of the birds was judged the best of its color in the show.

The canaries that made the trip are of the red-factor strain, the natural orange being originally obtained by crossing a yellow canary with a black hooded red Siskin, a native of South America.

Mr. Newby, who specializes in canary raising, expects in the next few years to produce a solid red canary, by his methods of cross-breeding.

## Sofoulis May Be Called Upon To Form Greek Government

ATHENS, Nov. 1.—(INS)—The

smart money in Athens is betting that King George II will call upon Greece's "grand old man," 87-year-old Themistocles Sofoulis, to form a government of national unity at the close of the United Nations general assembly sessions in New York. Friend of Sofoulis say that the aged Liberal party leader, sole surviving associate of the great Venizelos, confidently expects to be prime minister within two months. The "Nestor" of Greek politicians, he is probably the only one of many real statesmen who would satisfy strictly-applied standards of democracy as it is known in the west.

As leader of the parliamentary opposition, Sofoulis has spurned all overtures from Prime Minister Constantinos Tsaldaris to join the present government and thus present a solid front of the traditional parties to the leftists now in open armed revolt.

It is reported that the king is becoming convinced that Tsaldaris will be unable to solve the problem of public order and quench the anarchy which flames throughout the country, particularly on the northern frontiers. But it is believed that the recently returned monarch is reluctant to ask Tsaldaris to quit until the latter has had a chance to make out his strongest case for Greece's national claims before the United Nations assembly.

## Keenan May Accept Film Labor Industry Position As 'Czar'

HOLLYWOOD, Nov. 1.—(INS)—

Film labor leaders announced today that Joseph D. Keenan, offered the \$25,000-a-year job of motion picture industry labor czar, was coming to Hollywood next week "to consider the matter". Keenan, secretary of the Chicago Federation of Labor and former vice chairman of the War Production Board, was offered the newly created job yesterday over the telephone.

On the Hollywood end of the wire were John Dales, Jr., executive secretary of the Screen Actors Guild; Roy M. Brewer of the International Alliance of Theatrical Stage Employees and Roy Tindall of the Conference of Studio Unions.

The job offered Keenan was created to settle once and for all jurisdictional issues among AFL unions in the film industry. It was the outgrowth of the three months old jurisdictional dispute still in progress between the CSU and IATSE for control of movie set erection.

## October Building Cost To Be \$60,670

Construction launched in October

will, when completed, have cost \$60,670, according to an estimate obtained at the city's bureau of building. Included in the new construction are six new dwellings built at an estimated cost of \$27,100.

Today two new permits were issued for 1½ story frame homes at 107 and 108 Northview avenue, the estimated cost being \$10,000. The permits were issued to C. Evan Campbell.

The Euthanasia Society of America claimed today that 1,500 doctors in New York state have approved a movement to legalize voluntary euthanasia—mercy killings for the incurably ill who request it.

The society said a bill providing for "mercy deaths" under court-controlled procedure will be sought soon in the New York legislature.

Sixty-two per cent of the displaced persons in United Nations Relief and Rehabilitation camps throughout Germany have occupational skills.

## NEW CASTLE LEADS PITTSBURGH SECTOR IN MARINE RECRUITS

Compilation of Marine Corps re-

cruiting figures in the Pittsburgh district reveals that the New Castle subsection is leading four other cities in total enlistments.

The city has sent a total of eight into the corps as of the 26th day of October. Wheeling, W. Va., is second with five, Altona has four, Johnstown two and Uniontown one.

Another assault on the Soviet news agency, distributed an article today assailing the so-called "reactionary and imperialist groups" in Britain and the United States that "dream of being masters of the world."

The article was prepared in connection with the anniversary of the Russian revolution.

## Obstacles To Preparedness Pointed Out

By FRANCES MUSIC  
(U. S. Staff Correspondent)

WASHINGTON, Nov. 1.—(INS)—Gen. Everett S. Hughes declared today that "anti-trust laws, Army secrecy and war-mongering charges" are endangering America's chance for victory in a possible third world war by hampering industrial preparedness.

Hughes, chief of ordnance, asserted that it is "absolutely essential in time of peace to keep our arsenals alive in order to maintain the knowledge essential for making guns and bombs and that we place with industry enough orders for it to retain the know-how of speedy production."

### Obstacles Controverted

The general said during an interview that unless the following "three obstacles are overcome the delay in getting war production going will be enough for defeat in a possible third world war."

"1. The cry of 'war monger' which keeps people from doing things that are necessary to national security."

"2. Anti-trust laws that make it difficult for manufacturers to get together for planning purposes because they are afraid of being accused of violating regulations designed to curb monopolies."

"3. Secrecy: If industry and the War department are to work together there must be a means worked out for telling industry every detail of plans for what we want to do."

### Secrets Will Be Known

The general pointed out that care must be used in this regard. He said that "if we reveal plans carelessly and to people not absolutely loyal, patriotic supporters of the United States our secrets will be known to the world."

Hughes declared that he was "very definitely of the opinion that there is a chance of losing a possible third war unless these obstacles are removed."

The two star general maintained that prompt production of materials for war "is much more important now than ever because industry must get started faster than ever before."

Hughes warned: "The next war, if it comes, probably will start from a swift air attack. There is no telling by what device. It will be aimed at mowing down industry, blowing up bridges. Never again will this nation's allies be able to hold off the enemy while we get going."

## Will Ask Change In Ceiling Figure

WASHINGTON, Nov. 1.—(INS)—The unofficial Army and Navy Bulletin said today that the Veterans Administration will ask that the ceiling figure for on-the-job training subsistence payments be increased to \$300 a month from the present \$200.

The bulletin quoted sources close to Gen. Omar Bradley, veterans administrator, as saying that Bradley has decided the present ceiling has worked a hardship in a sufficient number of cases to justify new legislation.

Bradley, at the time the GI Bill of Rights was amended and subsistence limitations imposed, warned that abuses in the on-the-job program were approaching proportions of a national scandal.

But the VA chief said that the whole subject of pay for trainees would be studied and that if hardships resulted from application of the new law Congress would be asked to authorize a higher ceiling.

## Allis-Chalmers

### Riots Continue

WEST ALLIS, Wis., Nov. 1.—(INS)—Sheriff George Hanley said today that he may resort to deputizing spectators and even pickets in another attempt to prevent fighting between strikers and non-strikers at the Allis-Chalmers Manufacturing Co. plant in West Allis.

The sheriff's proposal "to maintain peace and order" followed a conference with District Atty. William J. McCauley and climaxed four days of rioting at the gates of the West Allis plant.

Five policemen and numerous workers were injured yesterday and police arrested five persons, including an 18-year-old woman picket.

## A. F. L. Embargo In Pittsburgh Still Pondered

PITTSBURGH, Nov. 1.—(INS)—The decision whether to clamp an embargo on all goods hauled into the Pittsburgh district by rail will be placed before the AFL Teamsters general policy committee at noon today, it was announced by union officials.

Top AFL leaders in the bitter jurisdictional fight with the CIO for control of brewery workers will vote on the embargo following an alleged "flat refusal" by railroads to cease coal deliveries to three Pittsburgh breweries.

Lester M. Hunt, spokesman for the teamsters, declared that if the embargo is approved it will probably go into effect within 24 hours. All supplies, including food and medicines, delivered by rail into Pittsburgh, will be tied up at sidings in Pittsburgh if the embargo is approved.

**New Injunction Move**  
Hunt reported that a survey by the teamsters union showed that hardship in the city can be avoided by truck deliveries of necessities into the city.

Meanwhile teamster officials prepared to make a second application for an injunction against western Pennsylvania beer distributors after Judge A. Marshall Thomas turned down their first request to restrain distributors from handling CIO beer.

In his rejection, Judge Thomas stated that in the court's opinion "any application to the courts for relief is premature until the parties have either exhausted means of settlement" as provided in their contract or have shown "why this procedure cannot be followed."

The teamster complaint centers around a contract provision which prohibits beer distributors from dealing with anyone whom the union considers "unfair."

**Boy Battles For  
Life From Burns;  
Two Of Family Die**

PITTSBURGH, Nov. 1.—(INS)—Six-year-old Raymond Wilkaskas, suffering burns over most of his body, today fought for his life in Braddock hospital following a fire in his home which killed his father and 16-month-old brother.

Firemen reported that William Wilkaskas, 34, his baby son Ronald, and Raymond, were trapped in their home while apparently taking an afternoon nap. Hospital attendants said the father and baby were dead on arrival.

A third son, Eugene, 4, was rescued from a cellar window by a neighbor police reported.

Fire Chief John Mowatt said the cause of the fire, which burned out the interior of the house, could not be determined. Neighbors reported that Eugene told them that clothes dropped on a coal stove when the mother was cooking.

Wilkaskas' wife, Mildred, was shopping at the time of the fire, police reported.

Wilkaskas, a steel worker, had been unemployed since December and had planned to return to work soon, police said.

**SCHACHT DENIES  
HE CACHED MONEY  
IN FOREIGN LANDS**

STUTTGART, Nov. 1.—(INS)—Dr. Hjalmar Schacht, who once was keeper of Germany's treasury, denied today from a prison room that he cached money abroad for himself or other Nazi leaders.

Schacht, who is awaiting trial before a denazification tribunal, declared in a statement to International News Service.

"If Hermann Goering, Joseph Goebbels, Joachim von Ribbentrop or myself succeeded in caching huge sums of money abroad under various aliases or through agents these transactions were certainly carried out without my knowledge."

California contains the extremes of Volcano and glacier, Arctic flora and cotton plantations.

## Big Philadelphia Hotel Employees Go Out On Strike

PHILADELPHIA, Nov. 1.—(INS)—Approximately 700 employees of the Bellevue-Stratford Hotel, mid-city Philadelphia landmark, walked out today in a strike called by the CIO hotel and restaurant workers.

The strike, first in the history of the 42-year-old, 700-room hotel, involved all classes of employees from bellboys and chambermaids to telephone operators.

Picket lines manned by members of Local 536, hotel and restaurant workers, formed quickly at the entrance to the Broad Street hotel. The main door was left open, however, and strikers made no attempt to prevent guests from entering.

George Bucher, business manager of Local 536, said the strike was ordered after six hours of negotiations with the hotel management failed to produce an agreement.

## CLAIM 4,645 167 STATE RESIDENTS ELIGIBLE TO VOTE

HARRISBURG, Nov. 1.—(INS)—Unofficial registration statistics released today by the state elections bureau showed that an estimated 4,645,167 Pennsylvanians will be eligible to participate in the general election November 5.

The unofficial tallies revealed that an estimated 2,730,220 Republicans, 1,852,322 Democrats and 62,625 voters of other parties may cast ballots next Tuesday.

Statistics from Luzerne and Philadelphia counties were unofficial, bureau officials reported.

Estimated registrations for Philadelphia were 672,522 Republicans and 337,441 Democrats while Luzerne county enrollments were fixed at 125,040 Republicans and 57,815 Democrats.

## Stowaway United With English Wife

LONDON, Nov. 1.—(INS)—Kingley Foster, the ex-GI from Minneapolis who stowed away on the Queen Elizabeth to see his English wife, today beamed the agent of an American travel firm, paid the fare for his trip.

The agent was Charles Guitman, who commented later:

"It was worth the money to see these lovebirds together."

Foster, an attorney, had never seen his 6-month-old child before. He met his wife, Kay, while serving in Britain as an officer in the Eighth Air Force.

Kay expects to leave next week for the United States on the John Ericsson, a bridge ship. Her delay in obtaining passage prompted her husband's trip.

Foster apparently has not figured out yet how he's going to get back to America.

## Contractors Will Be Asked To Hire War Veterans

TRENTON, N. J., Nov. 1.—(INS)—Spencer Miller, Jr., New Jersey highway commissioner, today assured Gov. Walter E. Edge that contractors obtaining highway construction jobs would be asked to employ one war veteran to every non-veteran.

Governor Edge had requested that veterans be employed on all highway projects wherever possible. Commissioner Miller declared that in addition to asking contractors to employ veterans he would discuss the matter with labor union leaders who supply the contractors with manpower.

As the State Highway department has embarked upon a \$35 million construction program, the commissioner anticipates that hundreds of veterans can be given steady employment.

## POSTPONE STRIKE OF TRUCK DRIVERS

PITTSBURGH, Nov. 1.—(INS)—A strike of truck drivers at 21 Pittsburgh, Homestead and McKeesport department stores, scheduled for tomorrow, today had been postponed according to Melvin Humphreys, president of the AFL General Teamsters, Chauffeurs and Helpers Union.

Humphreys said there will be "no strike this week" because negotiations in the teamsters contract demands "look very promising."

The union's strike notice which expires tomorrow was filed last month due to "failure of contract negotiations." A union spokesman said negotiations, in the meantime, have improved.

Admiral Bowen  
May Be Atomic  
Liaison OfficerPresent Chief Of Naval Research  
May Be Reluctant To Accept  
Post, However

WASHINGTON, Nov. 1.—(INS)—Vice Admiral Harold G. Bowen was disclosed today to be the navy's choice for liaison duty with the atomic energy commission.

It was learned, however, that Bowen, presently chief of naval research, is reluctant to accept the post and might turn it down.

The admiral has remained in the service already past normal retirement age to put the office of naval research in ship-shape before turning over to Commodore Paul F. Lee, who is scheduled to succeed him. Bowen will be 63 next month.

The army representative already has been appointed. Lt. Gen. Lewis H. Brereton assumed this duty when President Truman appointed the five-man civilian commission responsible for domestic development and control of atomic energy.

**Advisory Capacity**  
The liaison committee of army and navy representatives has been assigned to work with the commission on military aspects of atomic matters in an advisory capacity.

The first positive hint that Maj. Gen. Leslie R. Groves, chief of the

atomic bomb project until appointment of the civilian commission, will take only a brief rest from atomic affairs came from the sources familiar with Bowen's opening to serve on the liaison committee.

It was said that Groves will be offered an appointment involving the international handling of atomic energy.

October Breaks  
Record For Air  
Mail DeliveriesNew Rate Gives Impetus To 300-  
000,000 Letter Volume From  
Coast To Coast

WASHINGTON, Nov. 1.—(INS)—American letter writers took pens in hand during October to produce the greatest air mail month in the history of the United States postoffice.

Tentative estimates indicated that nearly 200 million letters flowed from border to border and coast to coast in a wave of correspondence given new impetus by the 5-cent "Wings for a Nickel" air mail rates.

Geel Sullivan, assistant postmaster general in charge of air operations, hailed the letter-filled month as a significant milestone in American mails and transportation history.

He added:

"This proves that our goal of 3,000 transport planes in daily operation in this country is no remote possibility; it can soon be an established fact."

American People  
Must Be Educated  
To American Way

WASHINGTON, Nov. 1.—(INS)—Sen. Wiley (R) Wis., cautioned today that the election of a Republican Congress next Tuesday would not be an automatic "cure-all" for the nation's domestic ills.

Wiley said in an interview that the American people must be "educated back to the American way."

The Republican senator, who is not a candidate in this year's elections, called for the election of a Republican house and senate on Nov. 5. He described the task of assuring prosperity as two-fold:

1. Eliminating New Deal theories, whom he identified as responsible for labor unrest and lack of production.

2. Convincing the American people, labor and business alike, that they must work together to make any legislative program effective and guarantee prosperity.

Wiley asserted:

"You can't legislate the end of strikes or prosperity. The election of a Republican congress will not be an automatic cure-all for all our troubles. The people must be educated away from the philosophy of the last 14 years."

## Pirates Obtain Ken Holcomb Draft Session

Newark Pitcher Grabbed By  
Pittsburgh For Tryout  
In 1947 Season

CINCINNATI, O., Nov. 1.—(INS)—Nineteen minor league players were selected today by major league clubs in baseball's annual draft. Only 11 of the 16 major league clubs drafted players although all of them were represented at the meeting in Baseball Commissioner A. B. Chandler's Cincinnati office except the Washington Senators.

One brief dispute occurred when President Louis Perini of the Boston Braves raised the question of whether John Lahrke, San Diego shortstop, was subject to the draft. The Braves had claimed they held a contract for his conditional purchase, but Chandler said he had ruled that the contract constituted only an unfulfilled option agreement.

The New York Giants then drafted Lahrke and Al White, outfielder of the Toledo Mudhens.

Those Selected

Other selections and teams from which they were drafted were:

\*Philadelphia Athletics: Ferris Paine, San Francisco, first baseman; Ed Mutryn, Oklahoma City, catcher; Richard L. Adams, Sacramento, infielder.

\*Pittsburgh Pirates: Ken Holcomb, Newark pitcher.

\*St. Louis Browns: Glen Moulder, Montreal pitcher.

\*Cincinnati Reds: Thomas Stallcup, Louisville, shortstop.

\*Cleveland Indians: Gus Zernell, Atlanta, outfielder; Lyman Lande, Milwaukee, pitcher; Lester Willis, Memphis, pitcher.

\*Chicago White Sox: Lloyd Christopher, Los Angeles, outfielder; Earl Harris, Syracuse, pitcher; Robert Gillespie, Dallas, catcher; Peter Gagliardi, Indianapolis, pitcher.

\*Boston Braves: Dan E. Murtough, Rochester, outfielder.

\*New York Yankees: Clifford Mape, Baltimore, outfielder.

\*St. Louis Cardinals: William Simran, Sunbury, Pa., shortstop.

\*Boston Red Sox: Mickey Rocco, Los Angeles, first baseman.

Standing in front of the new station wagon recently acquired by the Salvation Army for use in the work of the local corps, are, left to right, John Shaw, Rev. Thomas J. Jones, Mrs. Samuel Jackson, Mrs. Alvin Herberg, and Captain Thekla Dunder.

Mr. Shaw and Rev. Jones represent the Salvation Army board of directors; Mrs. Jackson and Mrs. Herberg represent the Eagles, auxiliary which raised much of the money for the wagon; and Captain Dunder is the head of the New Castle corps.

## Woman Principal In Two Divorces

CINCINNATI, Nov. 1.—(INS)—Twenty-three-year-old Alana L. Cottey was the principal in two separate divorce actions today in Cincinnati court as the result of a war mixup.

In one case she was divorced by Julius S. Sherman, 34, who married her after she had received a report that her husband, Randolph C. Cottey, 28, of Augusta, Ky., had been killed in action.

In the other she sued Cottey for divorce. Domestic Relations Judge Charles W. Huffman took the latter case under advisement pending a talk with the Cotteys' six-year-old daughter.

Mrs. Cottey's attorney said after the hearings:

"She doesn't want to be married to anyone now."

## Fatally Stricken On Hunting Trip

YORK, Pa., Nov. 1.—(INS)—Chauncey A. Hershey, 55, of Spring Grove, chief of the U. S. Internal Revenue Bureau at Harrisburg, was stricken fatally today while on a hunting trip near his York county home.

Coroner Lester J. Sell attributed death to a heart attack. Hershey was stricken in the field and taken to his home where he succumbed.

## Army Devises Mobile Weather Checking Unit

Mounted On Truck, New Forecasting Device Can Give Instant Data

WASHINGTON.—(INS)—The army is now assuring the nation of a complete "rain or shine" forecast within an hour's time from almost any spot in the United States.

This phenomena in weather forecasting is mounted on a two and a half ton standard army truck and can be quickly driven to any site accessible to a vehicle of its size. Four men can assemble the mobile "weather station on wheels" in about one hour.

The army says its equipment provides "data on temperature, humidity, air pressure, amount of precipitation, ceiling height, and the speed and direction of surface winds and winds aloft."

The army says its "weather bureau," a product of the Signal Corps in answer to the military's mounting demand for more and faster weather data, can function as a "forecasting unit in a network of weather stations."

By the use of teletype, the station can be connected on a long-line circuit with several other stations, and through relay centers to other circuits form a communication network.

Weather messages can thus be exchanged with every other weather station in the network in minimum time.

The Signal Corps also has "packaged" weather sets that can be flown or sailed to places where the "mobile station" could not operate—as in small Pacific islands.

The "transportable weather station set" has all the instruments comparable in scope to its "big brother" only in more compact form.

When supplied with communication facilities, weather maps, and other supplies, the set can operate as a weather forecasting station and only needs two men to rig it up.

HOTEL RESERVATION  
PORT WORTH, TEX.—(INS)—There is one guest at the Bluebonnet hotel in Dallas who has no fear of being put out at the end of the five-day limit.

The guest, who admittedly is in good with the management, is a full-grown sparrow named Belinda. Belinda flew into the lobby one day, looked around and then perched on a transom over the front door where she spent the night.

The next day the bellboys fed Belinda water and crackers.

Evidently she was well pleased with hotel and cuisine because she's been there ever since.

There is no lack of apples this season. All one needs for three pies are the sugar, shortening and mother.

## KINDNESS DOES THE TRICK

OVER THE BAR in Baltimore, Md., goes "Jiggs" for Girl Scout Betty Christ-thrift to prove that kindness to animals goes a long way in helping to train dogs. In the Girl Scout program, to which dog training has recently been added by the National Council, kindness and praise are particularly stressed in teaching tricks to their canine pets. ## Would Assess U. S. Half Cost Of U. N. Budget

LAKE SUCCESS, N. Y., Nov. 1.—(INS)—Secretary-General Trygve Lie asked the United Nations today to approve a budget of slightly less than \$200,000,000 for 1946, and \$240,000,000 for 1947.

The exact figures submitted to the administrative and budgetary committee were \$19,627,964 for 1946—\$23,790,000 for 1947.

The temporary committee on finance already has recommended to the general assembly that the United States pay 49.69 per cent—half—of the total appropriation.

The committee, which based its recommendations on each nation's "capacity to pay," put Great Britain down for 10.5 per cent of all UN costs; the USSR, 6 per cent; France 5.5 per cent; India, 3.75 per cent; China, 2.75 per cent, and all others less than 2 per cent each.

Brings U. S. Protest

The finance committee's recommendation for fixing costs brought an "unofficial" protest from the American delegation. One delegate pointed out the United States, with only one of the 51 assembly votes, would be footing half the entire United Nations bill.

He said: "This is what the revolutionary war was about—taxation without representation."

The same delegate estimated the annual cost of maintaining U. N. might go as high as \$100-million, in which case the United States would pay \$50-million.

The United Nations had been operating on a provisional budget of \$21,560,000 adopted by the General Assembly early this year in London. Advances for current expenditures have been made from a "working capital fund" of \$25,000,000.

In his previous speech to the General Assembly, Lie reminded five nations they were behind in their payments to this fund. He named Bolivia, Costa Rica, Guatemala, Iraq and Uruguay. Mexico paid earlier this week.

The biggest jump in the secretary-general's estimated budget for 1947 is for personnel expenses. Lie estimated the cost of maintaining his secretariat staff next year will cost more than \$14,000,000, as against \$6,000,000 this year.

Marines Activate  
Reserve Squads

NEW YORK.—(INS)—Although for most Marines the war is over and gone with, there are many former Leathernecks and men with no previous military experience who are joining one of the many battalions of the Organized Marine Corps Reserve that are being activated in many cities of the United States.

It is planned at the present time that both infantry and artillery battalions will function in New York, Philadelphia, Kansas City, Missouri, Toledo, Seattle, Indianapolis, Richmond, Los Angeles, St. Louis, and Detroit.

Drill Once Each Week

Battalions of the Organized Marine Corps Reserve meet one night a week for drill and emergency training for a two-week period every summer. Members are paid one fourth of regular base pay for weekly drill and receive full pay for the two-week summer encampment.

The old saying, "once a Marine, always a Marine," seems to be bearing fruit from the number of discharged Marines joining the Reserve for a four-year period.

Opportunities to advance in rate, use of the facilities of the Marine Corps Institute, and close association with the nation's elite military organization are just a few of the advantages members of the Organized Marine Corps Reserve enjoy.

CHRISTMAS CAKE

BOSTON.—(INS)—The chiefs of United Air Lines are preparing for Christmas. G. L. Kanberg, superintendent of dining service, said United's 19 flight kitchens are already at work baking and storing the fruit cakes which traditionally are served on the company's Mainliners each Christmas.

New Zealand has more than 31,000,000 sheep.

## Pirates Obtain Ken Holcomb Draft Session

Newark Pitcher Grabbed By  
Pittsburgh For Tryout  
In 1947 Season

CINCINNATI, O., Nov. 1.—(INS)—Nineteen minor league players were selected today by major league clubs in baseball's annual draft. Only 11 of the 16 major league clubs drafted players although all of them were represented at the meeting in Baseball Commissioner A. B. Chandler's Cincinnati office except the Washington Senators.

One brief dispute occurred when President Louis Perini of the Boston Braves raised the question of whether John Lahrke, San Diego shortstop, was subject to the draft. The Braves had claimed they held a contract for his conditional purchase, but Chandler said he had ruled that the contract constituted only an unfulfilled option agreement.

The New York Giants then drafted Lahrke and Al White, outfielder of the Toledo Mudhens.

Those Selected

Other selections and teams from which they were drafted were:

\*Philadelphia Athletics: Ferris Paine, San Francisco, first baseman; Ed Mutryn, Oklahoma City, catcher; Richard L. Adams, Sacramento, infielder.

\*Pittsburgh Pirates: Ken Holcomb, Newark pitcher.

\*St. Louis Browns: Glen Moulder, Montreal pitcher.

\*Cincinnati Reds: Thomas Stallcup, Louisville, shortstop.

\*Cleveland Indians: Gus Zernell, Atlanta, outfielder; Lyman Lande, Milwaukee, pitcher; Lester Willis, Memphis, pitcher.

\*Chicago White Sox: Lloyd Christopher, Los Angeles, outfielder; Earl Harris, Syracuse, pitcher; Robert Gillespie, Dallas, catcher; Peter Gagliardi, Indianapolis, pitcher.

\*Boston Braves: Dan E. Murtough, Rochester, outfielder.

\*New York Yankees: Clifford Mape, Baltimore, outfielder.

\*St. Louis Cardinals: William Simran, Sunbury, Pa., shortstop.

\*Boston Red Sox: Mickey Rocco, Los Angeles, first baseman.

## State Outcome May Give Pattern For '48 Campaign

HARRISBURG, Nov. 1.—(INS)—The outcome of Pennsylvania's 1946 general election November 5 was expected to have an important effect on the strategy used by Republican and Democratic chieftains during the 1948 presidential drive. . . . Republican national leaders reportedly have told state chieftains that the outcome of the GOP campaign, studded with heavy blows at the alleged tie-up between the Democratic party and Communists, would form the pattern for the presidential drive. . . . In addition to the Communism tie-up, Republican nominees and leaders have maintained a steady attack on the federal government's domestic policies.

Democratic candidates, especially U. S. Sen. Joseph F. Guffey, of Pittsburgh, seeking a third term, have emphasized their allegiance to the policies enunciated by the late President Roosevelt. . . . Many leaders of the State House have expressed the belief that if Guffey were re-elected it would be regarded as a sign that the electorate continued to support the late president's policies. . . . Guffey has based a part of his campaign on the fact that he pledged to support F.D.R. when originally sent to the Senate in 1934 and that he has continued to follow the Roosevelt program.

Records on file in Gov. Edward Martin's office have disclosed that Frederick Morris, 24-year-old stevedore, electrocuted October 28 for his part in the assault-slitting of Mrs. Rose Lewis Reynolds on April 3 in Chester Park, Chester, was the 300th person to die in Pennsylvania's electric chair. . . . The first man electrocuted in the Commonwealth for a crime was put to death February 12, 1913. . . . two women have been electrocuted.

There has been much speculation on Capitol Hill as to whether John U. Shroyer, Shamokin dress manufacturer and former state highways secretary, would be named to a post in John S. Rice's cabinet if the Democrats should win the general election November 5. . . . Shroyer, dismissed March 20 by Gov. Edward

Martin for party "disloyalty" has made two state-wide radio speeches endorsing Rice. . . . many chieftains at the State Capitol have expressed the opinion that Shroyer would be returned to his old post in the highways department if Rice defeats Attorney General James H. Duff. . . . there has been considerable discussion about which party will capture Northumberland. . . . Shroyer's home county. . . . during the primary election, Shroyer, an unsuccessful insurgent GOP gubernatorial candidate, captured the county by a slim margin.

Although the victorious nominees for governor and lieutenant governor at the general election will be inaugurated January 21, the secretary of internal affairs-elect will not be inducted until May 6. . . . the state constitution provides that the governor-elect be inaugurated on the third Tuesday of January following the election and that the secretary of internal affairs-elect take his oath of office on the first Tuesday of May after the election. . . . thus, if the Democratic ticket should capture the general election, Secretary of Internal Affairs William S. Livingston, Jr., a Republican candidate for a third term, would be in office more than three months of a Democratic state administration. . . . Livingston's opponent is Sgt. Al Schmid, blind Philadelphia Marine hero. . . . the post pays \$10,000 a year.

Opinions of leaders at the State Capitol have been about equally divided on predictions as to how long the 1947 general assembly will remain in session. . . . there are many persons who believe the session will be a long, bitter affair lasting possibly into August. . . . many other leaders have expressed the opinion that with Republican control of the general assembly there would be a short, business-like meeting lasting about three months. . . . the general assembly will convene January 7.

## Elm Street Y.W.C.A. Is Important Member Of Community Chest

September marked the beginning of the twenty-seventh year of service of the Elm Street branch Y. W. C. A. to the colored women and girls of New Castle.

Now one of the Community Chest agencies, it has the aim of providing an opportunity for leadership development through the work of committees and through organized clubs.

The branch reached an all-time high in membership this year, with an enrollment of 247 adults and 79 younger girls. In order to keep the adult members informed and to build a fellowship, membership parties and programs are held monthly. These well-attended parties have been instrumental in bringing new members into the Y. W.

Facilities of the branch are used to the fullest extent by two adult groups and the three younger girls' clubs, with a total membership of 112. Some of the weekly activities of the group include dramatics, and social, literary programs, music, book reviews, cooking and various forms of recreation. Eleven non-Y girls also use the facilities of the branch.

The building also maintains a day room, now full for permanent guests, and also accommodation for transient guests.

Leadership of the branch works closely with other groups and organizations in the city in any endeavor to better the conditions of the community, and is cooperating with the Community Chest campaign.

The goal set is \$500. A meeting of the control board was held to make plans for the year. . . . Members of the board are Mrs. J. L. Silman, Mrs. Wallace, Mrs. George Fulkman, George Anderson, David Boyd and Mrs. A. Minter.

This year's campaign is the 29th community chest drive in New Wilmington. The project having been originated in 1927-28, under the chairmanship of J. L. Coulter.

## CASHIER EMBEZZLER ARRESTED IN MIAMI ON NEW YORK CHARGE

MIAMI BEACH, Fla., Nov. 1.—(INS)—William Arthur Nickel, 46, a \$600-a-week cashier accused of embezzling \$600,000, was held by Miami police today for New York authorities.

Nickel was taken into custody at the Colony hotel. He made no immediate statement concerning the charge against him but had only \$18 in his pocket and said he would fight extradition. Police charged Nickel made out approximately 100 checks ranging from \$2,000 to \$9,000 in favor of fictitious firms and then cashed them for his own benefit.

## Yugoslavia U.S. Information Service May Be Reopened

BELGRADE, Nov. 1.—(INS)—A foreign office spokesman said today the closed U. S. information service and reading room probably will be reopened soon as the result of American acceptance of three Yugoslav conditions for their operation. . . . The American facilities were shut down more than a month ago at the request of the Yugoslav government which charged they were distributing propaganda hostile to the Tito regime. . . . According to the Yugoslav official's the U. S. Embassy has agreed to the following conditions for re-

newal of information service operation:  
1.—The USIS and reading room will confine its activities to disseminating information on how Americans live and on their cultural development.  
2.—The USIS will refrain from issuing bulletins contrary to the interests of the Yugoslav people and existing press laws.  
3.—USIS bulletins will be distributed to government ministers and the official Yugoslav News Agency Tanjug.  
The Yugoslav spokesman also said it was agreed that in the event extra copies of USIS bulletins were desired for public distribution, appropriate authority to do so would be obtained in advance.  
It was understood the U. S. Embassy is waiting for formal word from the State department in Wash-

ington on acceptance of the Yugoslav proposals before reopening the information facilities.

## Rev. L. O. Florence To Conduct Revival

Rev. L. O. Florence, of Wilmore, Ky., will be the speaker at a series of evangelistic services, beginning Sunday, November 3, and closing Sunday, November 17, in the Dewey Avenue Free Methodist church. Meetings will be conducted each evening at 7:30 o'clock.  
Rev. Florence has had a wide experience as pastor, district superintendent and evangelist in the Free Methodist church and has conducted many successful revivals in the Oil City Conference.  
Rev. Wilbur Jacobs, pastor of the Dewey Avenue church,

## COUNTIES PLEDGE THEIR ASSISTANCE IN STATE SOIL PLAN

HARRISBURG, Nov. 1.—(INS)—Clinton, Berks and Lehigh counties today were pledged to participate in the state's "home rule" soil conservation program.  
Programs also were approved for districts established in Allegheny and Jefferson counties, according to the state agriculture department. Local farm organizations will be notified to nominate at least eight farmer-candidates from which the county commissioners will select four conservation directors. One commissioner will serve on each board.  
Potter, Clarion and Fulton counties were functioning as districts under the program established by the General Assembly last year. State Agriculture Secretary Miles

Horst, chairman of the soil conservation commission, reported that plans were under way to correlate flood control and reforestation work included in the soil preservation program.

## Vandenberg Says U. S. Balks On Paying Big Cost

Says U. S. Refuses To Pay 50 Per Cent Of Administrative Costs Of U.N.

LAKE SUCCESS, N. Y., Nov. 1.—(INS)—Senator Arthur Vandenberg (R) Mich., served notice today that the United States refuses to pay 50 per cent of the administrative costs of the United Nations.

Vandenberg, speaking for the American delegation, made a sharp differentiation between administrative costs and operational costs. In the latter instance, he said the United States expected to bear more of the burden.

Speaking before the first session of the administrative and budgetary committee, Vandenberg said that "during the present emergency" the U. S. will agree to pay as much as a third of the costs. This year the U. S. paid 25 per cent.

## More Violence In Brewery 'War'

PITTSBURGH, Nov. 1.—(INS)—Another outbreak of violence in the AFL-CIO jurisdictional brewery war flared in Pittsburgh today as the teamsters six-man policy committee planned to meet and discuss when and if to impose their railroad embargo.

The latest violence was reported at the Homestead Brewery, an independent firm, which had not been affected by the union fight for control of brewery employees.

A company official reported five office windows were smashed with bricks. He said another was tossed through the windshield of a brewery truck.

The official blamed the latest destruction on the beer war.

### REPORT 12 KILLED

LONDON, Nov. 1.—(INS)—Reuters reported today that 12 persons were killed in the crash of a transport plane in central France.

The accident was said to have occurred near St. Leger La Montagne, in the Haute Vienne department.

## Broaden Choice Of Site For Home For United Nations

LAKE SUCCESS, N. Y., Nov. 1.—(INS)—Warren R. Austin, chief of the American delegation to the United Nations, today broadened the choice of a site of that organization's permanent home to include both New York and San Francisco.

Austin made this public with the announcement that the United States would take "an active part" in assisting the United Nations to select its permanent site in this country.

In order to permit consideration of the offers of New York City and San Francisco, Austin said the American delegation will move to have the U. N. assembly agenda broadened "to include consideration of sites which may be available without cost or at reasonable cost" in all parts of the New York area including Westchester county, and in the San Francisco Bay area.

Austin revealed that San Francisco has offered to donate a site of up to three square miles and that furthermore the representatives of some nations "have specifically suggested" the west coast city.

Austin said the United States delegation "fully appreciates" the difficulties involved in setting up headquarters in Westchester county (N. Y.) "without substantial displacement of residents."

As matters now stand the general assembly is confined by its own action to a choice of one of five sites in Westchester county, N. Y., and Fairfield county, Connecticut.

## Detroit Woman Is Robbery Victim

GREENSBURG, Pa., Nov. 1.—(INS)—State police today said they were holding two Irish men, accused of robbing a Detroit woman who said she went out with them to make her "boy friend" jealous.

Beatrice Roberts, 33, said she was robbed of her purse containing \$179 while she drove the men—Richard Quirico and James Rose—in her car. The later led investigators to the spot where they had thrown the purse.

Miss Roberts said she came to Pennsylvania to marry a resident of Wall.

## GRID QUEEN AND MOTHER, TOO

RUTH MEYER, a widow with a 20-month-old son, rules as Dayton university's homecoming football queen. Mrs. Meyer's husband was a pilot in the Army Air Forces and lost his life in action. She is a junior business student at the Dayton, O., school. (International)

## Three Women Of Far East Here On November 7

Three outstanding women of the Far East will appear in the Central Presbyterian church of New Castle Thursday, November 7 at 8 o'clock p.m.

They are being sponsored by the Presbyterian Society of Shenango presbytery.

The speakers are as follows: Dr. Joseph A. Iano, a physician with a long established practice in Manila of the Philippines.

Miss Hsiang Foh-Mei, dean of the School of the Pure Heart, Shanghai, China.

And the Rev. Tamaki Uemura, pastor of the Tokyo congregation of the Church of Christ in Japan.

They represent three nations of East Asia, facing serious political crisis in the days ahead.

## Schoolboy Now

ROOKIE baseball player with the Cincinnati Reds this summer, Bob Usher, above, now is a freshman at Miami university, Oxford, O. Usher's home is in San Diego, Cal. He was a center fielder with the Reds. (International)

## Little Vandalism On Halloween In City And County

Vandalism was at a minimum throughout the city and county last night according to both State and City police.

State police answered several alarms in different county sections and police did likewise.

Several boys who broke bottles on North Hill streets were ordered to appear before the police chief Saturday morning.

In Sheridan avenue a fence was placed across the roadway and those who removed it from the Love property, damaged the pillar, police were told.

However, generally, there was not much vandalism excepting October 30 night when a market place window was broken. The culprits are being sought.

## Italian Envoy, Byrnes Confer

WASHINGTON, Nov. 1.—(INS)—Italian Ambassador Alberto Tarchiani conferred with Secretary of State Byrnes this morning on the forthcoming big four foreign ministers council meeting in New York which is to draft the final terms of the Italian peace treaty.

Tarchiani declined to discuss details of the conversation, he was with Byrnes for 20 minutes.

He confirmed, incidentally, reports that Italy is negotiating for the purchase of 50 Liberty ships to build up her merchant marine but added that this had not entered into his talks with Byrnes.

The envoy said he was leaving for New York this afternoon to be on hand to meet the Italian delegation on its arrival tomorrow.

Youth Crusade for Christ will meet Saturday evening at 7:30 o'clock in St. John's United Holy church.

The P. L. D. Reading Circle met recently at the Y. W. C. A. center on Elm street with Mrs. Ethel Wall as hostess. After devotionals, current events were presented by Elizabeth Thomas and Carrie Ferguson.

The election of officers resulted in the same officers being retained. The following persons participated in the program: Hope Edwards, Carrie Ferguson, Carolyn Williams, E. Thomas, Blanch Dillard. The hostess, assisted by Barbara Webber and Margaret Harris, served dairy refreshments.

Rev. J. H. Shippley of Indianapolis, Ind., will be the speaker at St. Paul's Baptist church Sunday morning.

Lydia Hamilton Sigourney, American poet and philanthropist (1791-1825), was one of the first women in America to plan for higher education for women. She established a girls' school at Norwich, Conn. in 1809, and one in Hartford in 1814.

## MARTHA RAYE SEEKS DIVORCE

LOS ANGELES, Nov. 1.—(INS)—Actress Martha Raye and movie club entertainer Nick Condos were in the divorce courts today, with Miss Raye making it clear she expects to support herself hereafter.

The actress' suit stated: "The plaintiff has substantial earnings from her profession as an actress, and seeks no support for either herself or the child."

Miss Raye, who demands custody of their daughter, Melody, 2, charged Condos with cruelty.

# Shenango And Bessemer Await County B "Title" Battle Tonight

## Record Crowd Will See Night Contest At Bessemer Field

Shenango Can Annex County Class B Championship By Victory Over Bessemer

Bessemer Confident Of Upsetting East New Castle Crew, Game Starts At 8 P. M.

Before an estimated over-flow crowd tonight at 8 p. m. under the lights at Bessemer, the two outstanding high school eleven's are battling for the county class B championship. Bessemer's Red and Black clad titans hope to break the power of Shenango's Blue and Gold Wildcats.

Tonight's game won't be just two high school teams meeting on a football playing field, it will be two eleven's fighting every inch of the way for Lawrence county's class B supremacy. These are two teams that are standing rivals since 1930. In the first engagement Bessemer high was victorious 13 to 0. Last year Shenango won 19 to 13. In the intervening years there has been seven contests with Bessemer high taking 9, Shenango 5 and 2 ties. So this year, Shenango is expected to make it three in a row while Coach Ciccone hopes his team will make it an even ten wins.

Cooperation Helps In talking to Shenango's coach Nahas, it was found that out of the four engagements between the two schools since he started his tutelage there, Shenango has taken two of the battles tied one and lost the first that was in 1942.

Asking Nahas, to what he attributed the success of his team in their last two games after a very poor season, he said, "Success of the team lately is due directly to the co-operation between the coaches, staff and the players." Helping Ed Nahas and Jack Dunlap and John Susko.

It is the opinion of the Shenango's coaches that they do not have any stand-out players—by that they mean that no one player out shines the others. Shenango is discounting

## Optimists Start Ball Rolling On All-Star Battle

Arrangements For All-Star Game Made At Dinner-Meeting Thursday

TICKET SALE TO START TUESDAY

New Castle Optimist club members at an enthusiastic dinner-meeting last evening at the Castle-ton hotel made final plans for Lawrence county's part in the All-Star football game at the Sharon High stadium the night of November 15 at 8 o'clock, when the seniors of five Lawrence County schools face the seniors of Mercer County High schools.

Al Garren, general chairman of the Lawrence county end of the big Optimist game, today announced the following committee chairman: publicity, T. A. Granul and Art Graham; tickets, Otto Pearsall; transportation, Harold Boake; practice arrangements, George Weischenk; field committee, J. Marlin; equipment, Wayne Fullerton.

Ciccone Head Coach Four of the Lawrence county coaches are taking part in the game. Willie Ciccone of Bessemer having been designated as head coach by the group present last night that included: Thurman Croft of Ellwood City, Bob Dunsmore of Union High, and Eddie Nahas of Shenango High.

The coaches will use five seniors from each school in the county, including New Castle High. Practice sessions will be held on Union and Shenango fields, starting next Monday, for those seniors whose careers in high school football have ended, this does not include New Castle and Ellwood City who have games left in the 1946 card. New Castle and Ellwood boys will report for practice when their season's end.

Tickets Next Tuesday Tickets will go on sale at the Sporting Goods store next Tuesday, Garren announced. Lawrence county has been given 1,400 reserved seats and 2,000 general admission tickets for the game. All members of the Optimist club will also handle tickets.

The proceeds of the game after expenses have been deducted will be split between the Sharon and New Castle Optimist clubs, for the furtherance of boys work, which is the purpose of the Optimist club. Art Graham, president of the New Castle Optimists had charge of the meeting last night.

For the second successive year, Penn State fell victim to Michigan State in a 1946 football upset.

## Interest Intense As Titans Prepare For Geneva Game

Giant Bonfire By Students At Westminster Tonight Will Stir Up Interest

HETZLER CONCERNED OVER HIS STARS

(Special To The News) NEW WILMINGTON, Nov. 1.—Football is the chief topic of conversation on the Westminster College campus as the Titans prepare for the biggest "small" college game of the season with Geneva, at Farrell High stadium.

Interest in the fortunes of the Blue and White has risen steadily and is at a peak at the present moment. With two ties and three straight wins the Hetzler coached boys have a chance to hang up one of the best records in Westminster's history. A victory over Geneva is believed to be the biggest hurdle for an undefeated season.

Big Bonfire Tonight To indicate their interest in the team, the student body has scheduled a giant bonfire and rally Friday night on the edge of the athletic field. Trucks have already started collecting materials for fire. Coach Hetzler and several of the varsity players will speak and the night cheerleaders will lead the pep rally.

Coach Hetzler is greatly concerned over the condition of his veteran quarterback, Mickey McDaniel of Chester, W. Va. The little but speedy McDaniel has suffered a recurrence of a stomach ailment, which he contracted while serving in the Marine Corps. He made a hurried trip to his Chester home Wednesday and his fellow players are hoping to see him in uniform by Friday at the latest.

Joe Demore, star fullback, was given a rest yesterday. He took a severe body beating against Bethany and Coach Hetzler advised him to forget football for the day. He has no serious injuries and will be at customary position Saturday.

Banking On Bruno BEAVER FALLS, Nov. 1.—Geneva College, working on a string of five straight victories and boasting the nation's leading scorer in Larry Bruno, invades the Titan territory of Westminster on Saturday.

The local halloppers have climbed high in district standings since their initial defeat at Youngstown. The Coyotes are pegged as the poster in small college circles on the basis of their decisive wins over Waynesburg.

Will Be Ready "Westminster," said Ransom Monday, "is naturally keen on keeping their undefeated record intact. They are big, smart and shifty, but we'll be ready for them Saturday."

The Titans defeated Bethany last week to give them 3 wins and 2 ties for the season's first five games.

Saturday's game is to be played in the afternoon at Farrell High school field, with the kick-off scheduled for 2:15.

## 'Howie' Smith Rolls Sensational Series

Howard Smith, of 827 East Linton street, chairman of the New Castle Elks duckpin bowling league "showed the boys how" Tuesday evening at the Neshaunock Bowlodrome, by rolling a sensational three-game series of 611 for ducks, which is some "duckling" in bowling parlance.

Smith had individual games of 242, 167 and 182 as he rang the bell for the first 600 and better series in Elks duckpin bowling, history. Smith is a member of the Purdue team.

## Floor Officials To Meet Monday

Austin Cowmeadow, secretary of the PIAA District Seven Chapter of Basketball officials, announced today that there will be a meeting of the Chapter Number One at 7:30 o'clock at the "Y" next Monday evening.

Anyone holding a card in the PIAA is eligible to attend the meeting.

## Committee Okays Rules For Church League Cage Season

Outline 10 Rules To Govern Set-Up For Church Loop Basketball This Winter

Rules governing the impending Church League basketball season were drafted and presented at a meeting of team representatives this week in the Y. M. C. A. building.

The 10 rules were made up by Rev. G. S. Bennett, Rev. Owen W. Shields, Rev. George Braun, and James Dart, physical director at the "Y."

It was announced that only 12 teams will be taken into the league for this season and the churches that sponsored teams during the war years will be given the preference in the selections.

1. A player must be a member or constituent of the church for which he is playing.

2. His attendance must be regular and he must satisfy the church for which he is playing.

3. He must have started to church before May 1, of the same year.

4. A member of one church team playing one year cannot play with any other church team the following year.

5. His position must be cleared with both churches.

6. Players are not allowed to have anything on jerseys or other wearing apparel.

7. The officials of the Y. M. C. A. shall arrange the schedules, have charge of organization and general supervision of the league.

8. A player must have played in at least three first half league games to be eligible to play in the first half playoff games.

9. A player must complete in at least five games total to play in any final playoff games.

10. Any service man can play with his respective church team every during the playoffs. His name must appear on the inactive list.

11. The minister or superintendent has the power to cancel a player's contract for church misbehavior.

12. Any player guilty of breach of conduct will mean immediate expulsion from the game. Second infringement of same will result in banishment from the league.

There are two former prisoners of war playing football at Auburn this season. They are Guard Gerald Naylor, who was shot down and held by the Nazis for three months, and Pullback Don Braine, a captured infantryman for eight months in the ETO.

## New Castle High At Aliquippa For Class AA Battle

Coach Phil Bridenbaugh Takes "Red Hurricanes" To Valley Stadium Tonight

New Castle High School "Red Hurricane" football team was set today for a 5:30 o'clock departure for Aliquippa where at 8 o'clock they will battle the Indians in a Class AA contest. New Castle will be after its sixth win of the current season, and Aliquippa its seventh win.

Both New Castle and Aliquippa have been erased from the Class AA title chase, New Castle by Sharon and Altoona, and Aliquippa by Ambridge and Rochester. New Castle has lost three games and the Indians two. The outcome tonight is a toss-up.

New Castle Crippled Coach Phil Bridenbaugh is taking a rather crippled up New Castle team to the valley, with big John DiCola, the right half nursing injuries, and a sub halfback nursing a swollen chin. Young Paul Cuba, Jr. is still nursing an injured ankle.

New Castle must devise some means of stopping the two big Indian stars—Tony Dercole a fullback and Lou Linnitt the powerful fullback. Both boys being top scorers in the Beaver Valley, and hard to bring down. Coach Carl Aschmann is mustering his strongest possible lineup in an effort to average that 26 to 6 defeat handed the "Quips" here last year. Nickle Uram former New Castle High star is assistant to Aschmann this year at Aliquippa, and doing a fine job.

Hope for Dry Field The "Canes" are hoping for a dry field tonight for a chance, having played on four rain-soaked fields so far this year. In the rain and mud last week New Castle steam-rolled Clariton 32 to 9 proving "good mudders" Gribble would like a dry ball tonight for a chance to try and get a few of his forward passes off to good advantage, this being one of New Castle's real scoring threats all year, especially in the Farrell game when Gribble threw three touchdowns passes.

Aliquippa also has a fine passing attack that will bear watching to night, the scouts have reported.

Earl Hewitt, Sr. of Indiana, Pa., a member of the State House of Representatives, still likes to reminisce about his football-playing days at Penn State. He captured the Lion eleven that won five and lost three in 1901.

Sixteen cigars daily are consumed jointly by A. L. "Red" Season and Gaynell Trusley, Louisiana State Line and End Coaches, respectively.

## Shotgun Army In Action Today

Male Pheasants, Cotton-Tail Rabbits, Squirrels, Other Small Game Sought

Lawrence County's Shotgun army today combed rural districts for the elusive male pheasant, cotton-tail rabbit and gray black and fox squirrel, the first blast having been fired at nine a. m. with hunting scheduled today to cease at five p. m. However, tomorrow hunters may begin shooting at seven a. m. While it was impossible to approximate the number in quest of game in Lawrence county, it was estimated by State Game commission officials that 750,000, or 50,000, more than 1945, would hunt this year.

The light rain which fell last night, plus the arrival of a chilly wind, helped hunting conditions.

Hunters were asked by the commission to respect land-owners rights, use extreme caution while hunting and take extra efforts to prevent fires.

## Game Protectors May Stop Autos

Pennsylvania State Game Commission Game Protectors, when in uniform, have the authority to stop and search cars in quest of violation of the game laws. It was stated today. Whenever a game protector, in uniform, flags down a car, the hunter should stop his car, be courteous and he will be accorded courteous treatment.

## Ellwood City Has 22 Tilts On Floor Schedule

Wolverines To Play Dozen Games On Home Court; Wallace Men Launch Season Dec. 3

ELLWOOD CITY, Nov. 1.—Ellwood City high school's eagles will launch their cage season December 3, meeting the alumni at home. This fray will send the "Wolves" rocketing on a 22-game card which lists 12 contests on the home boards and 10 abroad.

Stoneboro and Kittanning have been added to the Blue and White card for 1946-47, the former team providing the opposition at the Tube City Dec. 6.

Wallace New Coach  
The Wolverines will be coached this season by "Ted" Wallace, upped from assistant mentor when Howard Gills refused to continue as the floor tutor.

Wallace is a keen student of the game and enjoyed great success with his junior high fives here. He served last year as Gills' assistant but this season the situation will be reversed.

The locals hope to improve their record in Section III. During the last campaign the Tubers won five and lost nine, finishing in a tie for fifth place with the Beaver Falls Tigers.

The schedule follows:  
Dec. 3—Alumni at home  
Dec. 6—Stoneboro at home  
Dec. 10—Shenango at home  
Dec. 13—Shenango, away  
Dec. 17—Rochester, home  
Dec. 20—Rochester, away  
Dec. 27—Kittanning, away  
Jan. 3—Sharon, away  
Jan. 7—Farrell, home  
Jan. 10—New Brighton, away  
Jan. 14—Ambridge, away  
Jan. 17—Beaver Falls, home  
Jan. 21—Kittanning, home  
Jan. 24—Alquippa, away  
Jan. 28—Monaca, home  
Jan. 31—New Castle, home  
Feb. 4—Sharon, home  
Feb. 7—Farrell, away  
Feb. 14—Ambridge, home  
Feb. 18—Beaver Falls, away  
Feb. 21—Alquippa, home  
Feb. 25—New Castle, away  
Section III games.

## Major Leagues Are In Session

Annual Draft Of Players Taking Place In Cincinnati Office Of Commissioner

CINCINNATI, Nov. 1.—(INS)—Major league baseball teams lined up in Cincinnati today for the annual lottery that has in past years channeled some of the game's outstanding stars into the big time at the nominal draft price.

The 1946 player draft meeting was scheduled for 11 a. m. in the offices of Baseball Commissioner A. B. Chandler.

Must Dig Deeper  
Big league executives who are accustomed to picking up bargains at the selection price of \$7,500 must dig a bit deeper in their plans for first rank talent this year.

One impelling motive in the campaign last winter of the Pacific Coast league, American Association and International league for Class AAA rating was the possibility of demanding a higher draft price.

The AAA selection rate is now \$10,000. Class AA remains at \$7,500 while eligibles in other classifications bring: Class A, \$6,000; B, \$4,000; C, \$2,500; D, \$2,000.

## Bratton Defeats Joyce In Chicago

CHICAGO, Nov. 1.—(INS)—Half the town was wondering how and the other half was wondering why, but still Chicago had itself a light-weight boxer of nationwide renown today.

The puzzle in question was 19-year-old Johnny Bratton, Illinois state lightweight champion who last night won a ten-round split decision from heavily-favored Willie Joyce before 8,288 Chicago stadium speedsters who were bemused, enthralled and confused by turns.

The result was, perhaps, the most significant upset of the current boxing year. The 28-year-old Joyce, rated number one contender for Lee Williams' N. B. A. crown, was quoted as 8 to 5 favorite.

THERE arrived today a letter from O. H. P. Green, now in Los Angeles, in which he asked that Here & There convey a hope to sportsmen that they have a good hunting season. "Perry," as he was familiarly known to everybody, is a grand old man, and in his active days here strived conscientiously for better fishing and hunting. . . . The tongueing of coon dogs is music to the ears of Old-Timers. . . . Report that mink are being reared in this district brought a statement to the writer that, when mink are a mink cost of a certain hue, a certain kind of food served to mink causes its fur to change to the desired color. True or false? Possibly Owen Fox, the outdoorsman, will provide the answer. . . . There'll be a big delegation from here when graders of Lawrence County schools play Mercer County graders at Sharon, with the Optimists club as promoters, November 15. Al Garren is in charge of the local angle. . . . Report that horses have been doped in races doesn't help that sport. . . . Les Brindie of the school board says 224 candidates have turned out for basketball at New Castle high.

Bill Douglass is the floor coach. . . . Harry G. Harris, secretary of the New Castle Boosters club, has written members stating that, the time has come for members to exercise their privilege of mailing to 207 East Grant street ideas for the advancement of sports and the betterment of civic enterprises. The ideas will be discussed at a future meeting of Boosters. . . . Titans and Pitt Panthers will run cross-country Saturday. Harry Barry, this city, is coaching Westminster.

Sam Haycock, manager of Sylvan Heights golf course, is preparing a report that will not only please Parks Director Joe Alexander but all members of council and taxpayers. According to Sam "this will be the first season that Sylvan Heights course has broken even or better than even." The report will be made public as soon as City Controller "Dinty" Moore receives it. . . . During the past several weeks Here & There has noticed that some lawn-covered lots in different sections have been turned over to youngsters on which to play football. When the lot owners do this they are helping to keep down the accident list. Youngsters will not play in streets if they have a good lot nearby. . . . Russell Baxter, local middleweight, who has a good record as a 160-pounder (42 victories of 47 fights, and half of them knock-outs) chuckled today. He told Here & There that, at Akron, promoters shifted Jimmie King off the card and put in Eddie Zazo, a higher rated boxer of Toronto. This did not feaze Frankie Moran, Frankie walked out, saw an opening, let fly and hit Zazo on the chin. The fight was over in the first round. Baxter is pleased with G. Eliseo, local ex-grinder. He said: "Guy is five feet, 10 inches, or taller than was Tony Galento. He weighs 235 like Moran, he hits good as his one knockout over George Butonovich proves. Baxter, speaking for himself, said he would like to fight Mickie Doyle or any of the better crop of middleweights in this district. He may get the chance.

Small game season opens today in Pennsylvania. . . . At least a dozen deer were killed by arrows during the opening days of the Michigan archery season. . . . Most hunting accidents are not caused by the new and inexperienced hunter, says the Ohio conservation division. "Believe it or not the 'old timer' is responsible." . . . Have raccoons will be purchased again this year at prices ranging from \$3 to \$7 each, the Wisconsin conservation department announces. . . . Eight Minnesota game wardens have organized a Red Cross first aid mobile unit. . . . Largest amberjack of the season caught off the North Carolina coast was a 35½ pounder brought in staff by a High Point fisherman. . . . Fish plantings will have been made in every county of Missouri when the current annual distribution of fish from state hatcheries is completed. . . . Deer hunters in Schenectady County, New York, are limited to the use of shotguns or long bows this season.

## SALLIE STARS AS FRANKLIN WINS

(Continued From Preceding Page)

14 yard line on a cutback over right-tackle, and failed to convert. Keys scored the second touchdown from the 13 yard line after setting up the touchdown by intercepting a Sharon pass on his own 40. Sallie converted and Franklin led 13 to 6 at halftime, with the ball in Franklin's possession on the 20-yard line of Sharon.

Sammy Keys took the third period kickoff and ran it back from his own 20 to the Franklin 45 and on the next play Sallie shaking off several Sharon tacklers cut off around right end and scampered 55 yards to score his second touchdown. "Fuzzy" Sabino plunged the extra-point as Sallie was out of wind, after his great dash through the Sharon team and down-field trot. Franklin led 20 to 6.

Sallie Scores Again  
"Fuzzy" Sabino, the Franklin fullback set up the fourth touchdown intercepting a Sharon pass on the Franklin 40, and ran it back to the Sharon 13, from which point Sallie raced it over for his third touchdown, and converted to make it 27 to 6.

Sallie whose work in the game stamps him as one of the finest Franklin High backfield stars in years, set up the fifth touchdown on a 52 yard gallop with Keys lunging the ball over from the 18 yard line. Sallie missed the conversion. Franklin 33, Sharon 6.

Sallie-Kays Great  
Franklin's two great halfbacks, Earl Sallie and Sammy Keys, the latter colored, gained personal glory in the final game of the year, by making a total of 313 yards for Franklin in 19 tries between them, Sallie carrying nine times and

picking up 202 yards for an average of 23 yards per try, and Keys carrying the ball 10 times and picking up 111 yards for an average of 11 yards per try. These two boys are the toast of Franklin High today, and rightfully so.

Franklin gained a total of 402 yards on the ground to 13 for Sharon, showing to what extent the offense was working. Sharon's best weapon was a forward passing attack, making five out of 12 tries.

Franklin Linemen Standouts  
Leading the Franklin High defensive department were Morella, the left end and Hassen, the right tackle, these two boys, playing in the Sharon backfield all afternoon with deadly tackles and sparkling defense work.

Pastrick, the Franklin high sub fullback, also played a great defensive game as backer-up, with "Fuzzy" Sabino also playing a fine backing up game and doing a lot of fancy running at times.

Franklin will now put the uniforms away and can look back on the 1946 season as one of their greatest, with six straight wins and their goal line crossed but once, a most enviable record.

The summary:  
FRANKLIN: Pos. E. Morella, LT; T. Weingartner, RG; C. L. Mangione, LG; W. Pastrick, RB; QB, F. Sabino; WR, S. Keys; FB, S. Sallie; K, H. Rogers; P, F. Sabino.

## Detroit Purchases

Williamsport Club

DETROIT, Nov. 1.—(INS)—The Detroit Baseball company announced Thursday that it has purchased the majority stock of the Williamsport, Pa., Eastern league club in line with its recently announced farm expansion program.

The owners of the American league's Detroit Tigers also disclosed that a working agreement has been effected with the Nazareth, Pa., Class B club of the North Atlantic league.

Williamsport is a Class A club. The Detroit club's vice president and general manager, George M. Trautman, said the Williamsport stock was purchased from three Detroit businessmen: Ray M. Braden, Everett A. Warren and Russ Erubaker.

Trautman said that Williamsport's president, Earl Halstead, becomes vice president and general manager, retaining his stock in the club.

It will take quite a bit of digging into the files to find a Pitt team with the record of the current Panther eleven when it comes to spotting the opposition early leads.

# We Couldn't Keep Them Down Any Longer

For nearly five years there hasn't been a single change in the price or quality of Richman Brothers Suits, Topcoats or Overcoats despite the fact that costs kept going up steadily during all this time.

Now there are further advances in woollens, trimmings and production costs. They have reached a point where we must either raise our prices or lower our standard of quality.

We do not believe in cheapening quality. We've never done it before. We will not do it now. The only way we can continue to give you the same fine all-wool materials and workmanship is by increasing our prices.

On and after Monday, November 4th, therefore, Richman Brothers standard quality Suits and Overcoats will be \$26.50 and our super quality Suits and Overcoats will be \$31.50. This is a \$2 raise—the absolute minimum necessary to maintain our standard of quality.

At these prices our values under present conditions are as outstanding as ever.

## Davis, Blanchard Play Last Contest In Michie Stadium

WEST POINT, N. Y., Nov. 1.—Doe Blanchard and Glenn Davis two of the finest football players ever to don the black and grey, will "bid farewell" to Michie stadium, the home of Army football this Saturday when the Cadets face West Virginia university in the climax game of the Cadets' home season. Both firstclassmen or seniors at the U. S. Military Academy, Blanchard and Davis will be commissioned into the regular army as second lieutenants next June.

Two Great Stars  
Davis began his collegiate career at West Point in 1943 and Blanchard joined him a year later to help mold the strongest one-two punch in modern football history.

Just as in the past two years, M. Inside and Mr. Outside are still pacing the West Point juggernaut and primarily through their peerless

play in the backfield the Cadets have mounted a 24-game winning streak that started when the two became teammates in 1944. Going into this game, Glenn has a total of 55 touchdowns and Doe 34 or a sum total of 89.

Nate Cartmell, who has been in have mount a 24-game winning virtual retirement since his last coaching job at Penn State, is the new track coach at LaSalle Military Academy. Cartmell, gave up the sport in the early '30s, after years of success at Penn State.

## Poppy Day Date Set By Ladies

Annual Poppy Day Of  
Ladies Auxiliary Of  
American Legion To  
Occur November 9

Plans are virtually completed for the annual Poppy Day of the Ladies Auxiliary of Perry S. Gaston Post, American Legion, which will take place on Saturday, November 9. It was announced today by Mrs. Elizabeth Miller, general chairman.

The Auxiliary has received 14,000 poppies which will be sold on the streets of the city, for the auxiliary's welfare fund. These have been made by disabled veterans in Pennsylvania veteran hospitals, providing them with a means of earning spending money while they are in the hospitals.

Assisting the ladies will be a group of girls from George Washington and Ben Franklin Junior High schools.

Mrs. Miller will be assisted in conducting the sale by Mrs. Ruth Conder, Mrs. Dorothy Boyle, Mrs. Clara Speed, Mrs. Zella Daugherty, and Mrs. Gertrude Speed.

## Nutrition Check

Examines 11,000  
State Children

HARRISBURG, Nov. 1.—(INS)—Secretary of Health Harry W. Weest reported Thursday that the 11,000th child had been examined in an 11-year-old statewide study of human nutrition.

Weest said the survey has been carried on in cooperation with Pennsylvania State college and included observations of food habits of representative children, extensive medical, dental and laboratory tests. "It has been found that height, weight, body proportions, the straightness of bones and their resistance to fracturing, as well as the condition of all tissues of the body are dependent upon the child's dietary," Weest said.

"The tired child, the child who is susceptible to colds almost invariably is the child who is not given a correct dietary, or who refuses to eat properly even when food is available, or who does not utilize properly the food which he eats because of some previous illness which has left its mark upon him," he added.

Studies have been made in Philadelphia, Wilkes-Barre, Altoona, Greensburg, Monticello, Swanton, Norristown, State College, Mount Pleasant and Salina. Children in Adams, Centre, Lancaster and Westmoreland county rural areas also were tested.

## Alien Veterans

Given Reminder

WILKES-BARE, Pa., Nov. 1.—(INS)—Alien veterans were reminded today by the Veterans Administration that they have only until December 31 to file for citizenship under quick naturalization provisions of the second war powers act.

The Wilkes-Barre VA office said honorably discharged alien ex-servicemen who served with U. S. armed forces during World War II must file their intention to become citizens before the end of the year to qualify under simplified naturalization procedures.
